THERE IS A right time for everything:

A time to be born, a time to die;

A time to plant;

A time to harvest;

A time to kill;

A time to heal;

A time to destroy;

A time to rebuild;

A time to cry;

A time to laugh;

A time to grieve;

A time to dance;

A time for scattering stones;

A time for gathering stones;

A time to hug;

A time not to hug;

A time to find;

A time to lose;

A time for keeping;

A time for throwing away;

A time to tear;

A time to repair;

A time to be quiet;

A time to speak up;

A time for loving;

A time for hating;

A time for war;

A time for peace.

We Salute Mr. Erbes

As a tradition the yearbook staff dedicates the yearbook to a person who has given outstanding support and help to the school. This year we would like to dedicate this book to a person who served on the faculty for more than 31 years.

When the school opened in 1950, he was one of the original 22 faculty members. This man received his undergraduate and graduate degrees in Library Science from the University of Illinois. Here at Reavis he has not only been Head Librarian for the past 31 years, but has also been the man behind the scenes for many plans and activities. In fact the library, completed in 1969, was designed and planned by him. He is also known as the "unofficial host" to many staff parties.

We would like to thank Mr. Ray Erbes for the many hard hours he has given our school by dedicating this book to him.

Thank you

TIME: MINUTES, HOURS, DAYS

Time: What is time? The dictionary defines it as every moment there has ever been or ever will be. The 1981 ARIES would like to define TIME by showing how the people of Reavis spend their time.

For most people the day may begin at 6 or 6:30 in the morning. They wake up out of a sound sleep either to the sound of a buzzing alarm clock or music. They get out of their nice cozy, warm beds and get ready for school.

Next, the staff fights their way through morning traffic and the students walk to their corners to catch the bus or even walk to school for those who are so fortunate to live close.

The students and employees eventually arrive at school and go their separate ways. The teachers may have their last cup of coffee in the teachers' lounge while preparing for classes. The students may go to the Cafeteria, others to the library to finish last night's homework and some may even go to the Patio to spend their few last moments with friends before school begins.

The bell rings at 8 o'clock and school is underway; before you may know it, it may be lunch time and then 3 o'clock. For most it is time to go home while those students and teachers who enjoy extra curricular activities spend another two or more hours participating or coaching a favorite sport or advising and working in a favorite club.

Finally as the work is finished for the day, the practice practiced, those dedicated head home for dinner. After dinner, it is time for homework or grading papers and then retiring to that nice, cozy, warm bed.

TIME: PAST, PRESENT AND FUTURE

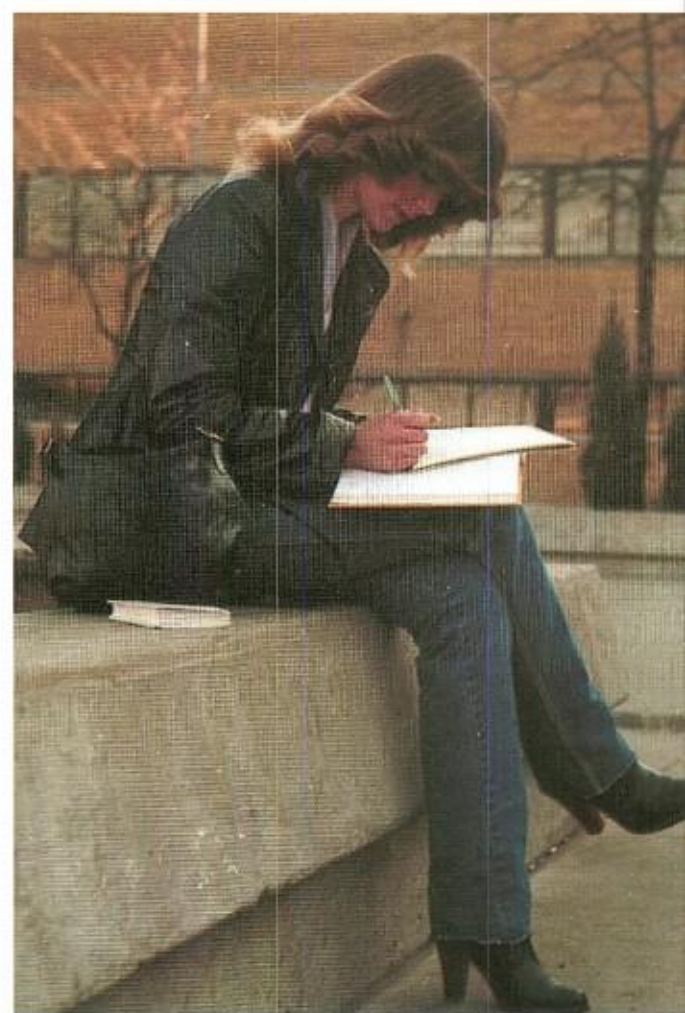

Everyone can remember his first day of high school but before anyone realizes it, they are walking away with a diploma in their hand. Where did the time go? Did we make the best out of what Reavis had to offer?

Most students spent their days going to classes and then home to watch that little talking box called T.V. But then there were those dedicated students who spent their free time in clubs or athletics. These students provide challenging games, exciting plays or interesting stories for the students and staff and many other people to view. If it weren't for these students, life in school would certainly be dull and boring.

The four years prepare you for the future. But how well you do, depends not only on the time and effort put forth, but also in how much you enjoy it. The staff of Aries feels this quote from Ecclesiastes 3:9-13 says it all.

"What does one really get from hard work? I have thought about this in connection with all the various kinds of work God has given to mankind. Everything is appropriate in its own time. But though God has planted eternity in the hearts of men, even so, man cannot see the whole scope of God's work from beginning to end.

So I conclude that, first, there is nothing better for a man than to be happy and to enjoy himself as long as he can; and second, that he should eat and drink and enjoy the fruit of his laborers, for these are gifts from God."

Close Encounters of the RAM Kind

After thirty years, the homecoming traditions of Reavis are alive and flourishing. Homecoming 1981 was one of the largest celebrations Reavis has ever had. This year's theme was "Outer Space."

The day started out with a parade which contained 26 floats representing many organizations and Civic groups. It went from 9:30 a.m. until about 11:30 a.m. It started from Reavis, going down 79th to Central, 83rd to Narragansett, and back to Reavis.

First place in the float competition went to the Student Center Office. Second, third, and fourth place were awarded respectively to the Vocational Club, the Choir and Drama Club and the Varsity Club. Over 230 students and faculty members who worked on the construction of the floats attended the buffet served between the parade and the football game.

The weather held out for the parade, but by noon the rain was really coming down! This didn't dampen the spirits of all our Reavis fans though. The Sophomores played at noon defeating the Argo Argonauts 36-6. Varsity Rams went on to carry the victory 26-0.

Students Visit Outer Space for Homecoming

The 31st annual Reavis Homecoming Dance was held this year on Sweetest Day, October 17. Approximately 470 people showed up to listen and dance to the music of "Just Us", the band for the occasion.

The coronation of the Senior Queen was held at 10 p.m. This year's class Homecoming Queens were Senior Patti Wileman, Junior Lisa Kappel, Sophomore Linda Kroll, and Freshman Michelle Bouquet.

Mr. Thomas, the sponsor, and the senior class put in long hours preparing and decorating the main gym to give the atmosphere of "Outer Space", this year's theme.

Souvenir glasses were available as a remembrance of the evening from the TEAM snackbar, a new addition to the Homecoming tradition.

Powder Puff Starts a New Tradition

The first annual Reavis Senior Girls Powder Puff football game was held on Friday, October 16, at Hanke Stadium. Approximately 400 spectators came out to cheer for the "Ram Mams" and "Ramettes". The Ramettes won 20-0.

When asked how Coach Murphy liked coaching the faculty members, he responded, "I loved it! It's always nice to coach such well trained and highly motivated world class athletes who advise their coach."

When asked what he thought about the job the senior girls did, he responded, "They did a fair job, but they displayed some 'dirty' tactics and they would call our players names like 'old lady'. They would tell the teachers they weren't fast and wouldn't let the teachers catch them, even after the teachers told them to stop!"

Coach Murphy didn't think the teachers gave it their all during the game. He commented, "They were instructed to hold their scoring down, but I think they must have misunderstood me as to how much they were to hold back. But next year, watch out."

As for the senior girls team, there were 33 members who were coached by Mr. Klusendorf. When asked how he liked coaching the girls, Mr. Klusendorf replied, "Phenomenal. It was great!" He also stated that all of the girls were extremely cooperative and that everyone had a chance to play.

Everyone who participated in the game felt that it should be a tradition carried on for many years to come.

Time to Be Recognized

The bleachers were packed to overflowing capacity at last year's Student Awards Assembly.

It is here that Student Council, Outstanding Club Members, Activity Members and Outstanding Athletes are honored.

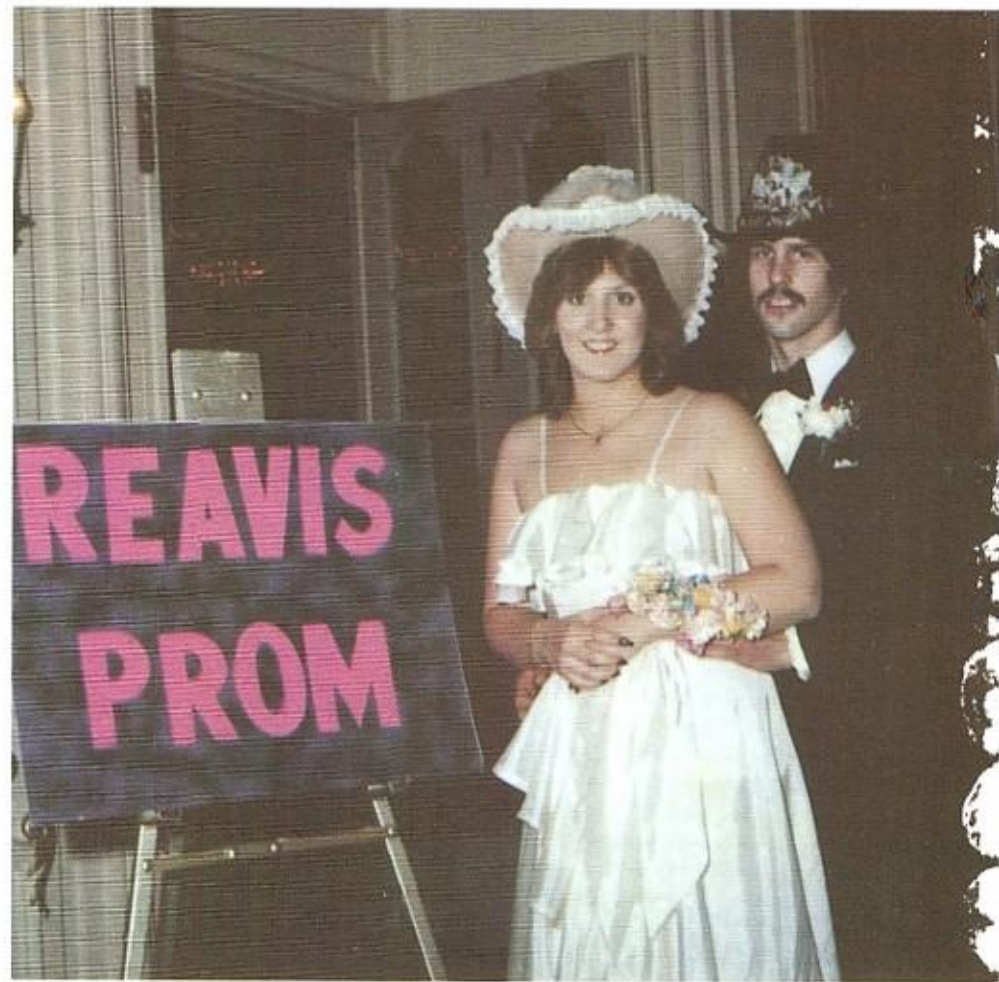

The Yearbook Dedication was announced that morning by '81 Yearbook Editors. It was no surprise to the student body when the 1980 Fightin' Rams and their coaches were given the Yearbook Dedication.

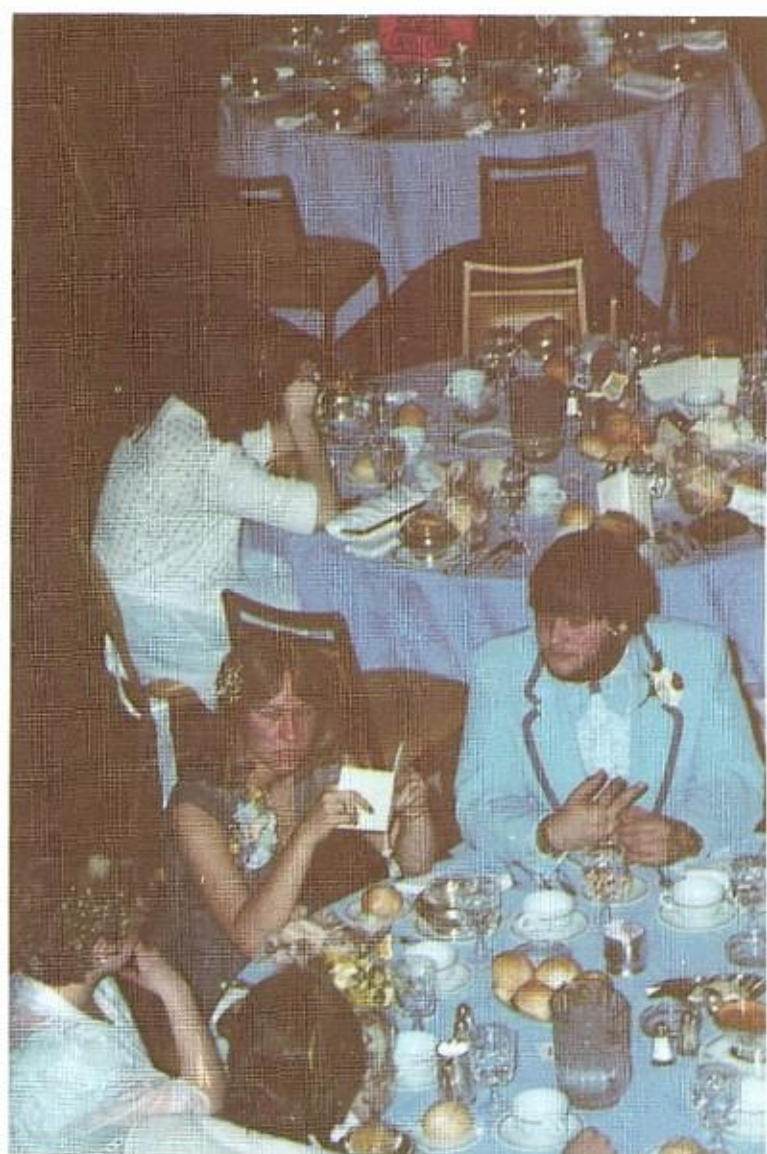

A Time to Dance

The tradition of prom still lingers on here at Reavis High School and, as in the past, it is still a night to treasure. The juniors and seniors met at the Conrad Hilton Hotel on a beautiful May evening after the hard, yet exciting job, of preparing to get ready for their dates. Each couple dressed differently to match their own taste and personality. They danced the night away to the music performed by Dick Carlton and his orchestra.

The Prom was sponsored by Mr. Fitzgerald, Mr. J. Tomas, and Mr. Lyon, who greeted the handsome couples as they entered. For the seniors it was really something to cherish and remember, for it was their last Prom and last year together. As for the juniors who attended, it was like a sneak-preview for the year to come.

Students Are Honored at the Communications Banquet

When the time came for the annual Communications Awards Banquet on May 2, students, teachers, and parents gathered at Nikos for a good dinner and time of enjoyment and recognition. Students in Youth and Government, Speech, Aries, Writing, Drama, Blueprint, and Foreign language were involved. They were honored with ribbons, plaques, trophies, certificates, and medals, which showed recognition of their efforts. All the students were recognized in some way and their efforts and contributions were very much appreciated in the 1981 school year.

A Time to Move On

The storm clouds cleared away in time so the 30th Reavis class could graduate outdoors in Hanke Memorial Stadium. The Reavis Band performed "Pomp and Circumstance" as the graduates filed into the stadium. After several musical selections were performed by the choir, Mr. Williams presented the class honors. Joan Bochenski was named the Outstanding Girl Scholar, while Gary Barkauski received the boys' honor. Veronika Holzberger and Kelly Quain received the Robert R. Hessenberger Physical Education Honor Award. Valedictorians Joan Bochenski, Gary Barkauski and Tom Asp along with Salutatorian Glen Lafferty gave speeches about their goals in life.

After the awards Senior Class President Gail Kubiak presented the class gift of murals which appear in the gymnastics and North gyms. Then Mr. Fitzgerald presented the traditional Hickory Stick Awards to Sue Sukel and Rick Page. The Hickory Sticks are presented to one boy and girl who contributed the most to Reavis in four years.

Finally, after the presentation of the diplomas, the graduates took their final walk from Hanke Stadium and walked into the adult world as alumni.

A TIME TO ENTERTAIN

Candlelight II is a relatively new tradition at Reavis High School. In its fourth year, Candlelight II follows in the tradition of the real Candlelight Dinner Playhouse, offering an evening of entertainment that brings both music and acting to the Reavis stage.

This year Mr. Bill Waddington, Candlelight technical and acting director, presented "Sganarelle," a one-act play, and "Dandelion Wine," a reader's theatre presentation. A catered dinner started off the evening and was followed by the Reavis Jazz Band and Show Choir in their debut performance of the year. Following this, "Dandelion Wine" was performed. Written by Ray Bradbury, this reader's theatre presentation consists of six cast members. They were Kevin Haines, Charlie Nienhouse, Sue Ross, Erin Solkowski, Karen Staley, and Jim Webb. "Dandelion Wine" is the story of the life of a young boy in the summer of 1928. It is the time of his life when he realizes that he must die sometime. Once he does this he can live his life to the fullest.

After the Show Choir performed in what was also their debut for the year, "Sganarelle", the other one-act play, began. "Sganarelle" is a farce written by French playwright Moliere. The play is about the daughter of a man who wants her to marry someone other than her loved one. The story ends with everyone thinking that his lover is having an affair. It is a comedy of errors where everyone does the right thing with the wrong conclusion. The play results in a hilarious ending and all the lovers are reunited with their right partners. Cast included Frank Tieri as the Father, Dore Jaragosky as the young girl, Dina Tieri as the Maid, Ray Lesniewski as Sganarelle, Laura Baltis as the Wife, John McNally as the Boyfriend, and Kevin Haines as the Boyfriend's Sidekick. Other cast members included Lori Lesniewski as the nosey relative of Sganarelle and Charlie Nienhouse as the father of the young girl.

Candlelight II was a roaring success and Mr. Waddington had this to say about the "Fall Evening of Fun — Candlelight II", "It was one of the best Candlelights ever. It provided the community with an evening of music, acting and entertainment and I know that the Candlelights to come will be even better."

A TIME TO ACT

Last year's spring musical, "Pippin", directed by Louise Lane was a great success. In the opening scene, the audience sees a troupe of actors, led by the leading player (Jenni Chada), enacting the story of Pippin's life. It begins with Pippin (Rich Strasser, and Frank Tieri) coming home from college to his "royal family". He feels that he has to do something with his life and that it must be "fulfilled". He tries to take after his father, King Charlemagne (Ray Lesniewski), and become involved in all aspects of war. That fails, so he visits his grandmother, Berthe (Julie Carrier), who tells him to do some "loving" while he's still young. Pippin fails at this also, and his mother, Fastrada (Joy Studniarz), and stepbrother, Lewis (Jim Ankrom, and John McNally), then persuade him to overthrow his father's throne. He kills the king, but after a while Pippin finds that he can't control the kingdom. His father's life is then magically restored. Pippin finds an "ordinary" wife, Katherine (Kathy Aiken, and Karen Wirek), but the leading player wants to end his life in a spectacular finale. Pippin refuses her and lives "happily ever after".

Fall Sports

The 31st Fall Sports Awards was held on November 12, 1981, in the auditorium. Various awards were presented to the different activities, with the most valuable player awards being the highlight.

Most Valuable Players for Varsity Teams were:

- Football — Jay Gonciarzyk
- Volleyball — Patty Plecki
- Cross-Country — Andrea Collins
- Tennis — Sue Jankowski
- Golf — Bob Bruner
- Swimming — Ann Gaborik

Afterwards, refreshments were served in the commons and a good time was had by all.

ART FAIR

Displays Talents

Last year's art fair took place on May 14-18, 1981. As Mr. Rode described it, "Not only was the art work done well, but the turn-out was very encouraging." There were 4,000 people who viewed the fair.

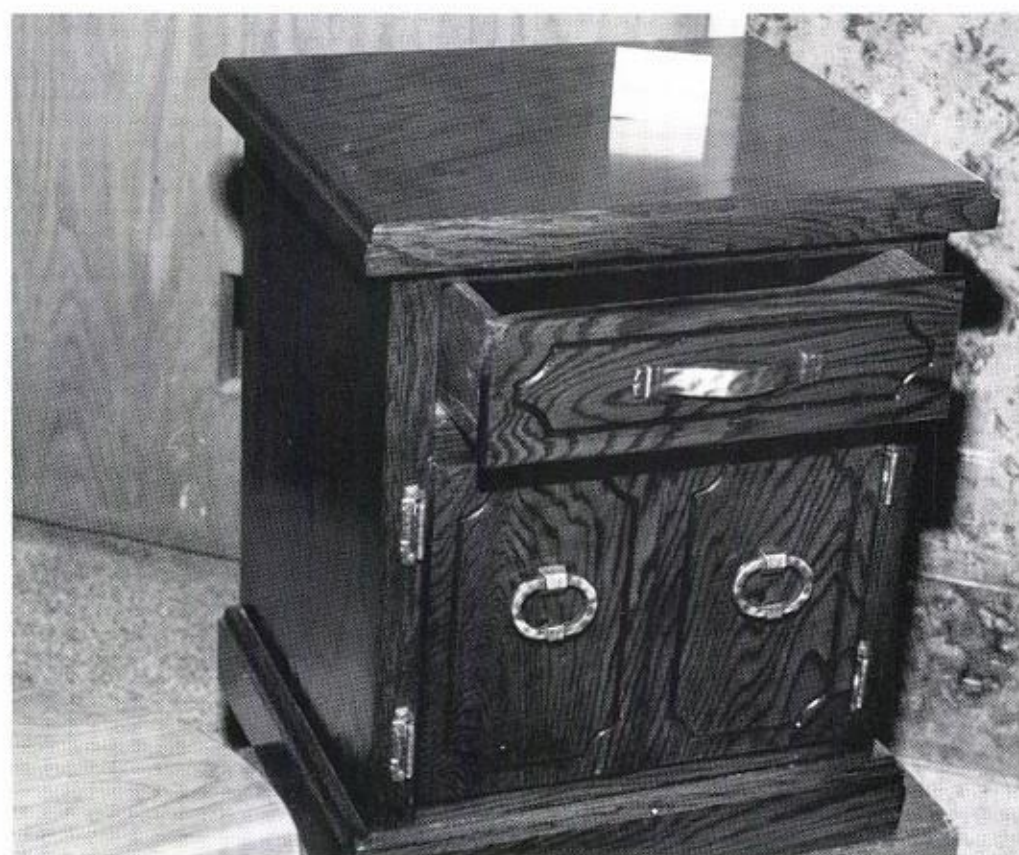

The fair was started in 1965 to show how much effort Reavis students put into their work. The students are proud and appreciate this opportunity to show their work to everyone including their parents. The art fair, held in the main gym lobby each year, included the vocational classes. In the past, only the drawing, painting, and pottery classes were represented. Now the students in the home economics, woods and other industrial art classes present their projects also.

Time to Show Off

Reavis students, teachers and administrators busily prepared for the annual "Open House" which was held on November 10, 1981. Teachers were available to talk with parents in the classrooms. Visitors were encouraged to visit special displays and events located throughout the school.

In the Fine Arts Department, various music groups such as the Concert Choir and Varsity Singers performed. While in the Art Wing, there were various displays and demonstrations of students' current projects.

If you went to the Humanities Division, you could find stagecraft students completing their scale model projects of theatre sets. Also, the Aries and Blueprint staff were at work in the publications office.

The Natural Sciences Division supervised a tour of the computer facilities. There were plant displays throughout the school, and science equipment and slides were illustrated in classrooms.

P.P.S. staff members and several counselors were located in the Guidance Office. The Career and Occupational Education Division was relocated to the main floor and open for visitors.

Staff members were also available in the gymnasiums and physical education facilities. Much planning and work had been done to make this year's open house enjoyable and informative for all parents. The administration and faculty saw many parents and were happy to see they could take advantage of this opportunity and at the same time show students that their parents care about what they are accomplishing at school each day.

Students Awarded for Outstanding Achievement

On May 20, 1981, Reavis held its 2nd Annual Honors Convocation in the Auditorium. The Convocation was to honor outstanding students in all areas. The Master of Ceremonies was Mr. Harold Williams. After the greeting by Mr. Don Klusendorf and remarks by Board Member William Jarvis, Sr., class sponsors awarded honors to the top academic students of each class.

Next, Community Scholarships were announced by Mr. Anthony Nakroshis. These scholarships are funded by local businesses and are awarded on academic merit.

The Divisional Honors were awarded next. These are awards given to outstanding students in each Division area. In *Fine Arts*, for *Instrumental*, honors were given to Ann Gregor, Glen Lafferty, Sue Mikicic, Linda Rodtke, Bob, Mike Skrypek and Chris Varanauski.

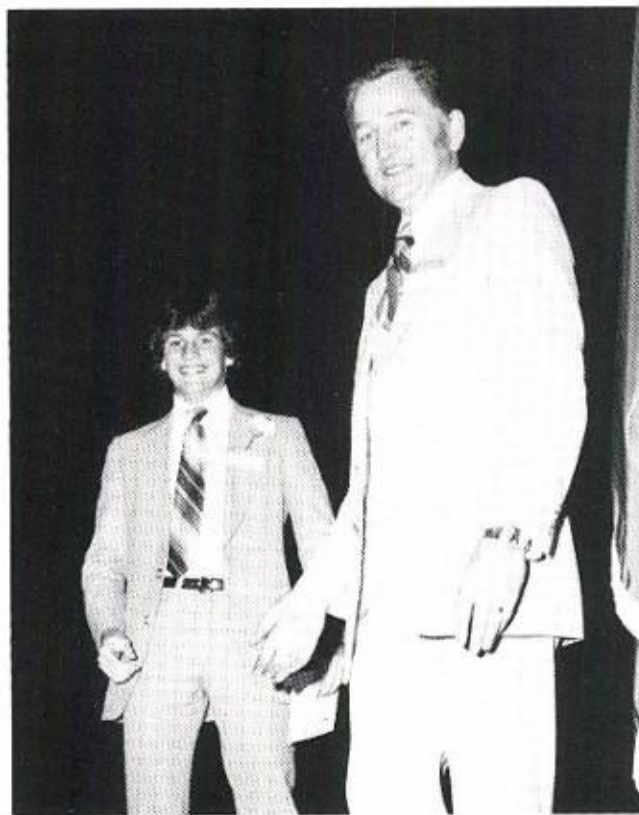

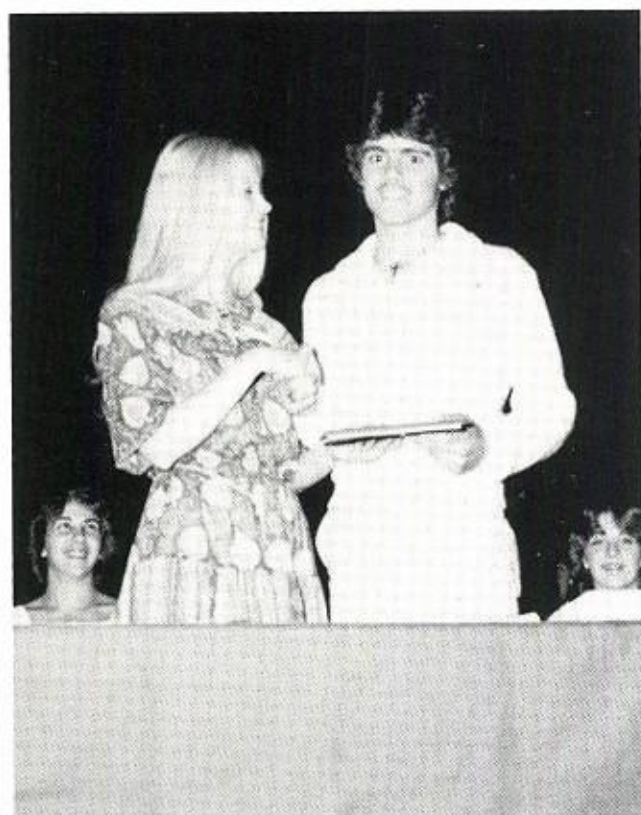

Jenni Chada and Linda Minyard were awarded Honors for *Fine Arts — Choral* and Maria Bryczka was honored in *Fine Arts — Art*.

In *Physical Education/Recreation/Safety*, the Robert Hessenburger P.E. Honor Award was given to Kelly Quain and Veronica Holzberger.

A special Award was given to Richard Vinyard for *Mathematics* and Gary Barkauski was awarded honors for *Science*.

For outstanding work in *Social Studies*, Jennifer Magnabosco, Kathy Aiken, John Jennings, and Maureen O'Hara were awarded honors.

Special Senior Honors were the next to be announced. Julie Barbosa and Glen Lafferty received commendations for National Merit. The Society of Women Engineers honored Joan Bochenski, Vicki Plys, and Catherine Zwane. Jennifer Magnabosco was the recipient of the Special Award National Honor Society and after the Special Senior Honors were announced, the Illinois State Scholars were named.

SENIOR BREAKFAST: A TIME TO GATHER

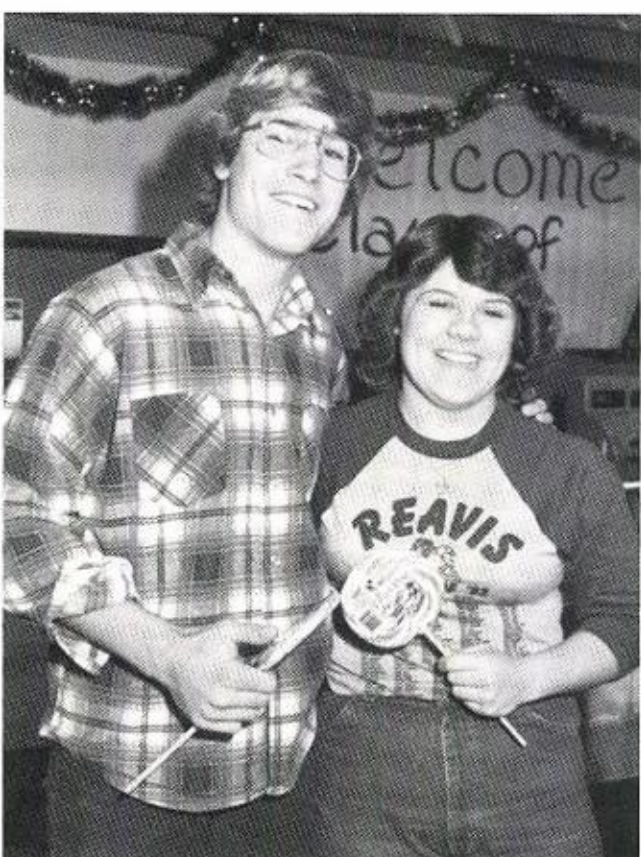

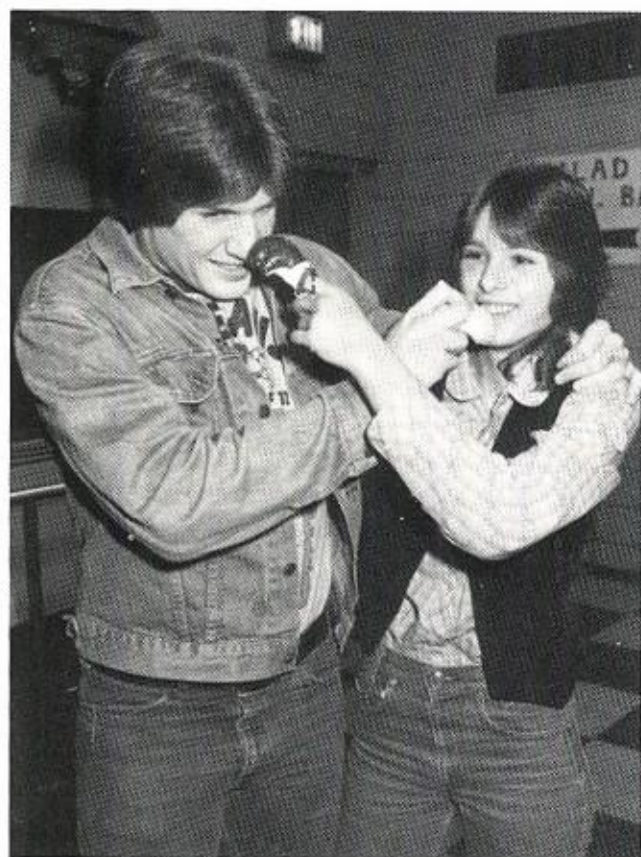

Over 400 seniors spent two hours collecting memories Tuesday morning, Dec. 15. The seniors gathered at 7 a.m., a real rarity for some of them, to hold their traditional senior breakfast. After munching on a breakfast of eggs, sausage and potato pancakes, the seniors were entertained with a delightful mixture of amateur and professional acts. All provided for them by their peers.

In the amateur part of the program the students were entertained by several different groups that did various skits ranging from imitations of second city comedy to a visit from Reavis' own Mr. Rogers. Santa Claus made an appearance and his elves sang the twelve days of Christmas, not always in unison, but they tried.

The professional part of the show was provided by Reavis' own show choir. The Ramblin' Rams Road Show, which does 12 concerts a year all over the city, performed two different song and dance routines. Some solo songs, a theme from Mahogany "Do You Know Where You're Going To" and "Everybody Has A Dream" provided the seniors with lyrics that really hit home as they're looking down the road to their final year of high school.

The highlight of the breakfast was the presentation of the Who's Who awards. The seniors themselves elected one of their classmates to categories like best dressed, most likely to succeed, sweetest smile and a variety of other areas.

All in all the seniors really entertained their peers and teachers and showed all in attendance the real talent that our young people possess.

EXCITEMENT GROWS FOR THE SECOND YEAR IN A ROW

To put into words and pictures the anticipation and excitement of going to state for the 2nd straight year is a difficult task but on these next four pages we try to accomplish this. For win or lose, in those weeks while we were in the playoffs, an excitement built around the school that surrounded everyone.

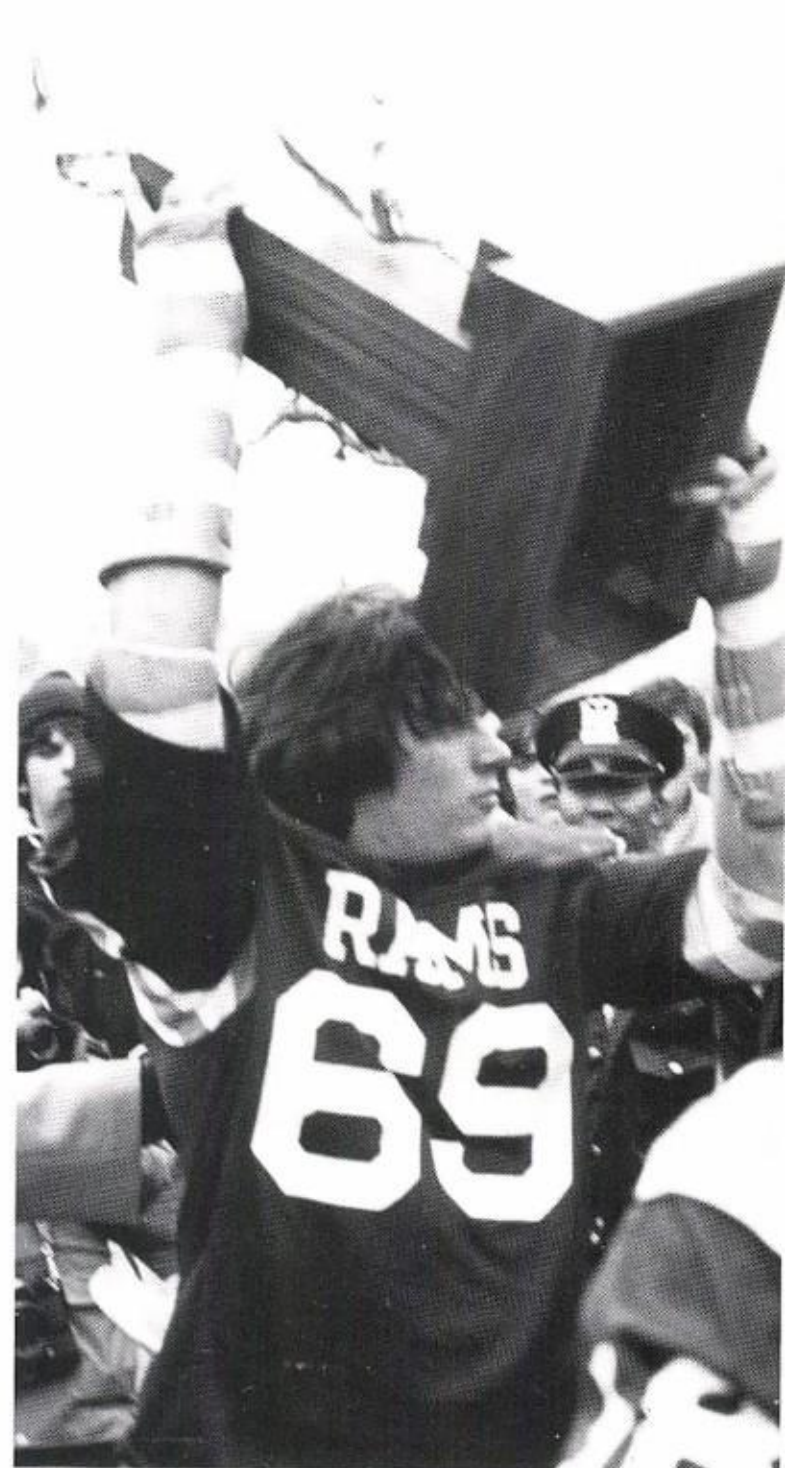

Conversations in the classrooms, lunchrooms, and hallways dealt with our chances in the playoffs, and each week that the team returned with another win under its belt, the conversations got longer and louder.

Posters went up all around letting the team know that all the other clubs in the school supported its efforts. A unity and school spirit grew each week. The pep rallies contributed to the school spirit. They started outside and moved indoors, ending the season with big name guest stars like Lance Dreher and Harry Carey (Mr. Raab).

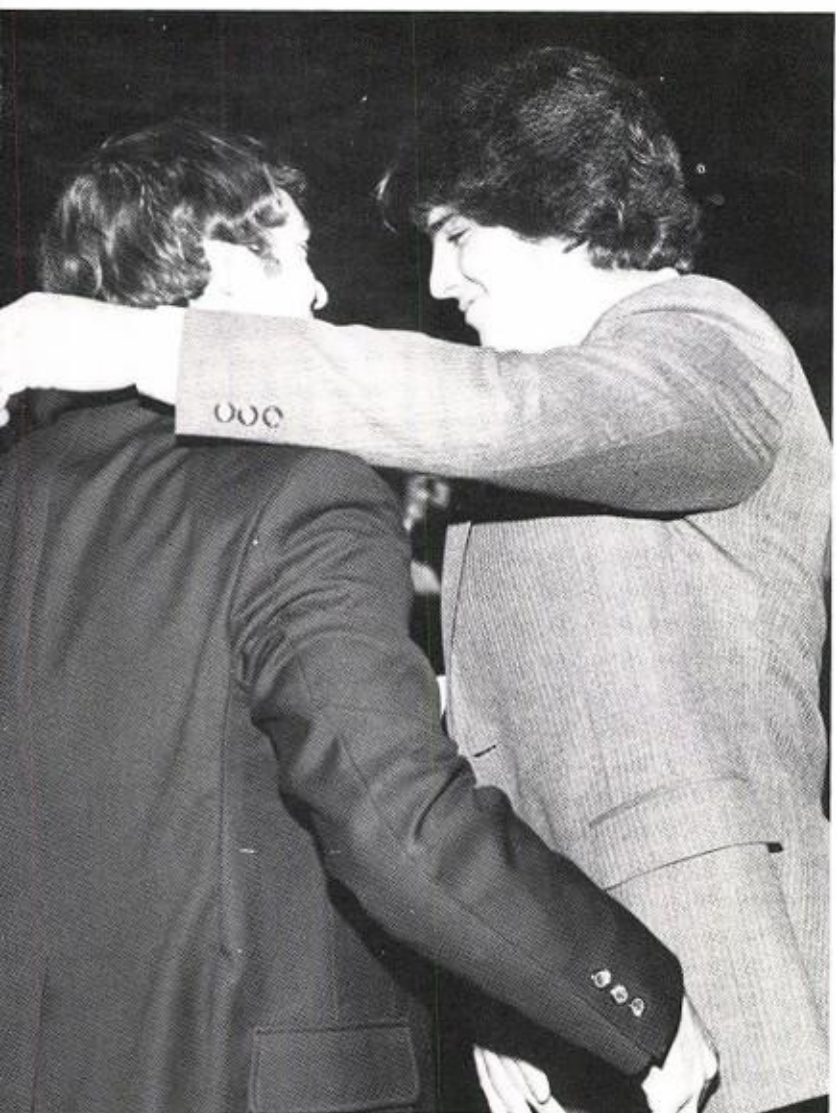

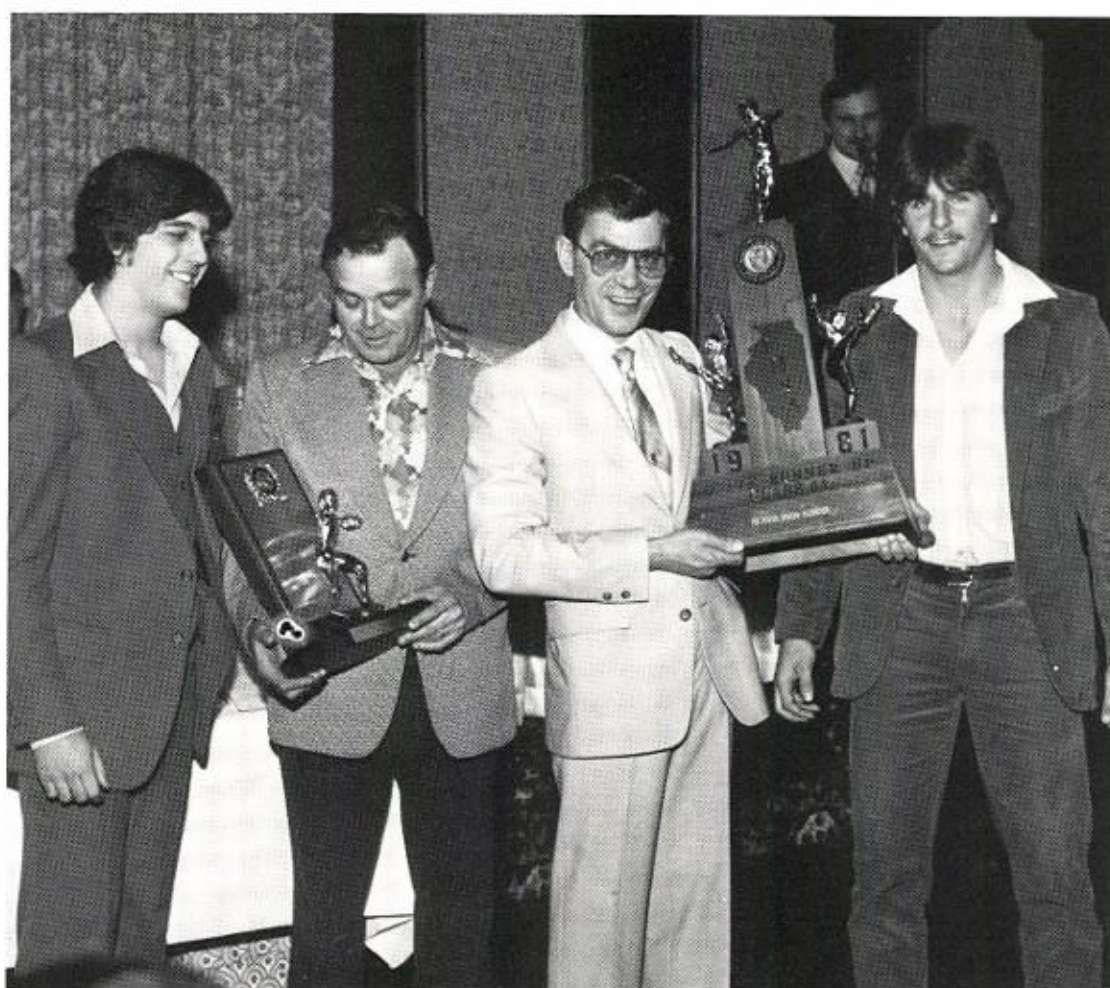

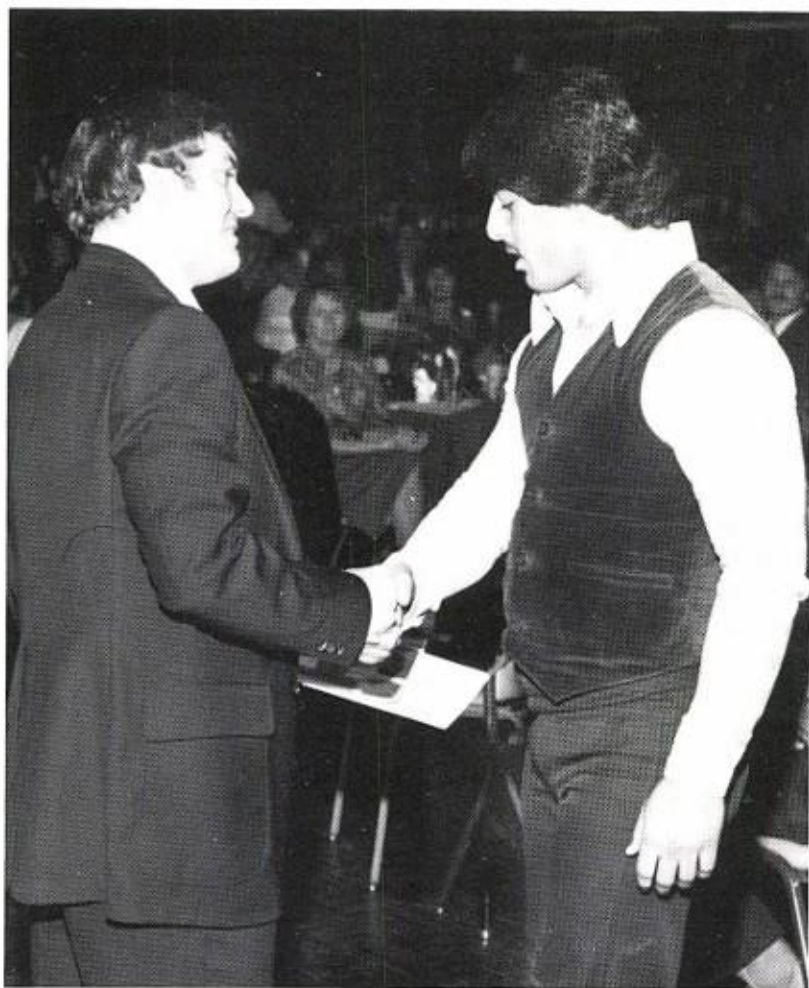

In the end we welcomed our team home from state with the runner-up trophy and the community gave a banquet in the team's honor. Few schools have had the honor of playing in the state championship game two years in a row. Thanks to our fighting Rams, the spirit has grown both inside and outside the school.

STAFF PREPARES MEMORIES

Meeting the deadlines and planning the Yearbook can be pretty hard at times, but the staff enjoys the challenges.

The staff consists of about 15 students who include editor and chief, Sandy Jankowski; assistant editors, Linda Easterhouse and MaryBeth Nolan; and photo editor, Don Bartkowiak. They work on the yearbook every night of the week from October to February sorting out and alphabetizing over 2,500 pictures. Their other jobs include writing stories, drawing layouts, choosing a theme and cover, and cropping pictures. They receive all the help and support they need from Ms. Curtin and the senior editors serve as the instructors.

Each year they try to improve the selling of the yearbooks. This year they presented a slide show during homerooms. They were trying to show the students that an investment in the yearbook is an investment in memories.

Ms. Curtin is very proud of her staff. She says, "they are great!" She also said, "They are really interested in the yearbook and it's important for everyone to realize the time and dedication they have."

But not all of the yearbook is hard. The staff also gets to go on field-trips where they see how they can improve the yearbook and learn different kinds of productions skills.

Although it's hard at times, the staff has a great time and enjoys working together.

BLUEPRINT KEEPS STUDENTS INFORMED

The purpose of the *Blueprint* is to provide students and staff with an informative bi-monthly student publication.

Written and edited by Reavis' students, it provides extra-curricular journalistic experiences in an actual student publication. Student editors are responsible for writing and editing newspaper copy, designing and laying out each of the fourteen issues published throughout the school year.

In addition to producing a newspaper, the students attend workshops, seminars, and evaluations to improve not only their writing, but reporting skills as well.

Staff members work a minimum of three days a week to meet their deadlines and the activity begins before school starts in August and extends to May. Editorial board meetings, critique sessions, and production workshops fill many of the after school hours.

OUR STUDENTS IN TODAY'S WORKING WORLD

For the last thirteen years, the work program here at Reavis has offered some of the more interested senior students a chance to get training by taking on a job which will hopefully be able to assist them with their future career.

Sponsors for the work program this year are Mr. Nagy, Mr. Schroeder, and Mr. Bartelman. Mr. Bartelman feels that the work program helps the student in three ways. He said, "This is one time in the students' life when a teacher can assist them with their problems. They get a chance to learn related information to their job and they also learn how to get along at work under supervised experience."

A student interested in the work program signs up during his junior year. The student then starts work around the beginning of his senior year. A person who is in the work program earns two credits. One of the credits is earned from his job and the other is for a class he takes related to his type of job. This class is taken during his school day. If he joins the work program he would earn about \$2.75-4.00 an hour depending on the job. A student's job could deal in the field of carpentry, filing, typing, automotives, etc. . . . They could even work at Reavis.

Besides setting up jobs for students, the work program enters a float in the homecoming parade and sells stuffed animals. Each year the students are able to visit the main Jewel warehouse. They are also invited to two banquets during the school year.

MATH CLUB SOLVES PROBLEMS

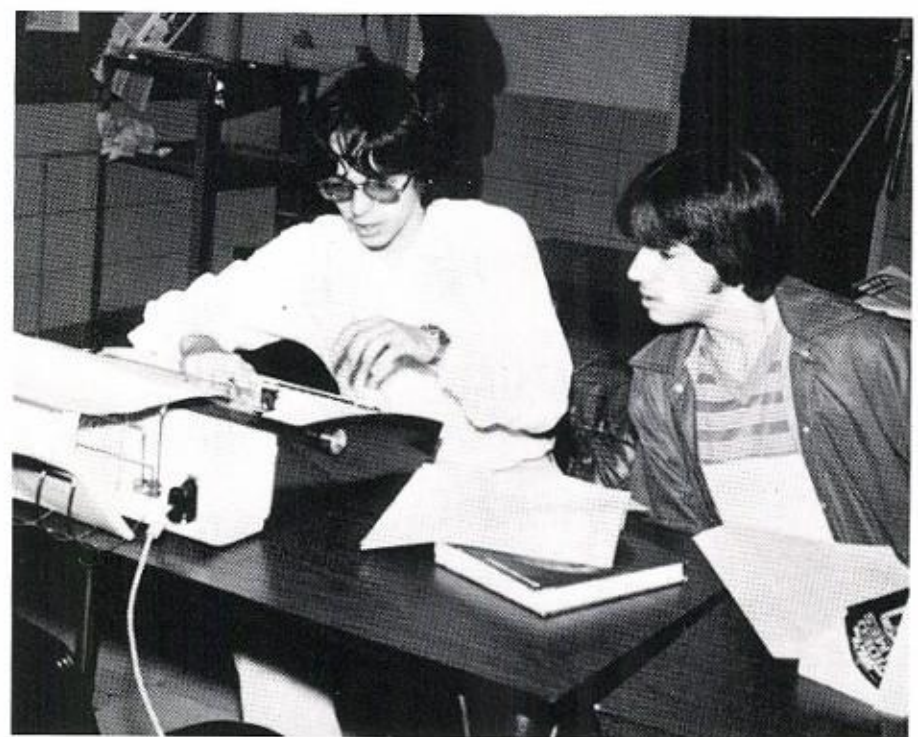

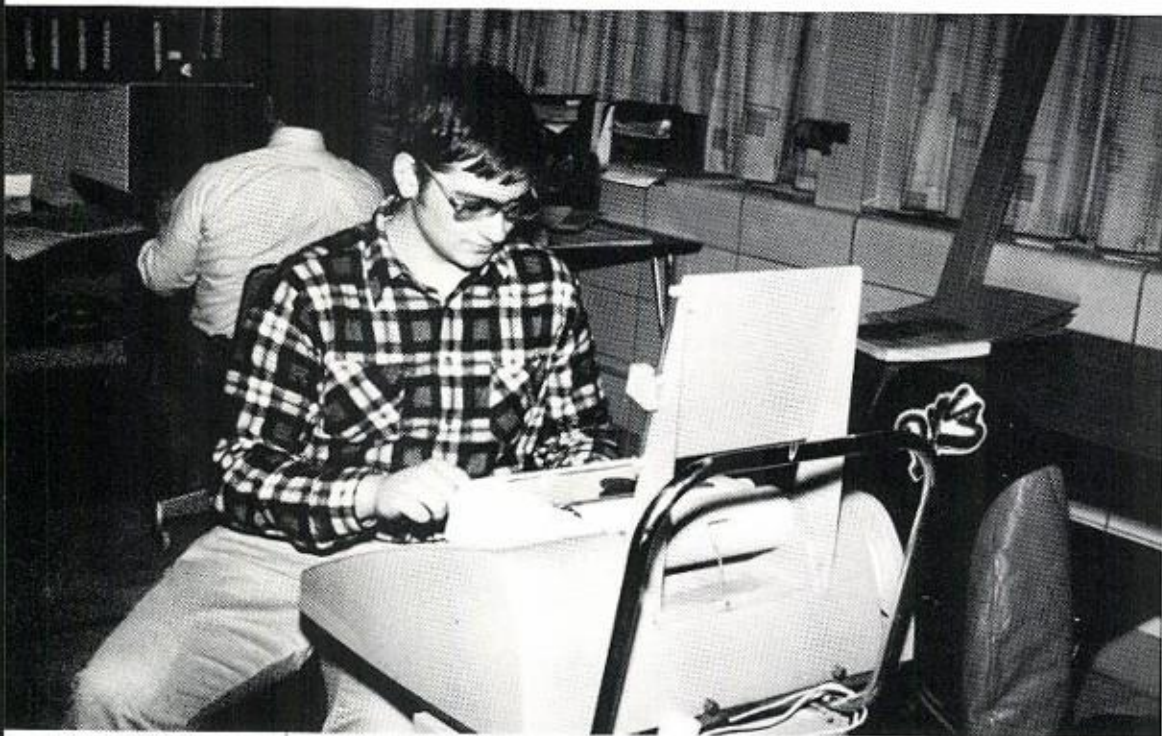

The Math Club is a group of approximately 50 people working together, improving their skills and abilities and learning new things and better methods of solving problems.

The Math Club is sponsored by Mr. Emerson and Mr. Varland. The club competes in four competitions and has a conference at the end of the year at Shepard. They also have a picnic at the end of the year for presenting awards and choosing the Mathlete from each graduating class.

STUDENTS PROGRAM THEIR SUCCESS

The Computer Club, under the sponsorship of Mr. Joe Bianco, meets weekly with the goal of better understanding the computers and the various languages used to communicate with a computer system. During the year, money is raised by the club by grading tests for various schools. The highlight of the year for the club is participating in The Programming Contest at Aurora College.

CULTIVATING IS THEIR BUSINESS

Students in the Horticulture club participate in beautifying the grounds of Reavis High School. The Horticulture club allows students to cultivate their plants throughout the year. All types of plants such as tomatoes and various types of flowers are grown in this class, and all these plants need continuous care. There are 15 members in the horticulture club and all members are responsible for their own gardening.

The Horticulture club raises money by selling these plants to teachers and students. The profit allows them to participate in various activities, such as sponsoring a float during homecoming, and visiting professional florists and horticulture experts such as Orchids by Hauserman and Fox Valley Mall. The club is now in its second year and is becoming more and more a part of Reavis High School.

The members are pictured below: Row 1: Kathy Balasa, Donna Dailydis, Lisa Simone, Chris Komenecki, Kathy Aiken. Row 2: Larry Stranc, (Vice. Pres.), Lorri Sowko, Mr. Lyon, Kevin Tallman, Darlene Woith, (Pres.).

TIME TO EXPERIMENT

The Science club here at Reavis has always maintained a tradition of learning and experiencing. It offers its members a chance to learn about man and his world around him.

Mr. Richard Thomas is in his tenth year as sponsor of the Science club. The club participates in many events. They build a float for homecoming and, as a fund raiser, raffled off a turkey during the Thanksgiving holiday. They also sell nature vases, which are made of leaves and tree bark and other raw materials.

In March the club attends the Southwest Interconference Association Science Convention, which is held at Thornton Community College. Some of the members compete in the various events, such as written exams and model building of windmills, bridges, etc.

Club officers are: President — Laurie Szajek, Vice-President — Gwen Thorson, Secretary — Kifah Shukair, and Treasurer — Jim Konaszewski.

GUTEN TAG HOLA BONJOUR (HELLO)

This year the foreign language clubs have developed a new importance in Reavis High School.

Students are learning that in today's society it is important to have a knowledge of a foreign culture. They learn through speakers, field trips, and pen pals.

The German club, sponsored by Mr. Hansen, has over 45 members. Mr. Hansen commented, "I'm real enthusiastic over the increased participation in the foreign language clubs."

Mr. Ellis sponsors the French club that has over 40 members.

Mrs. Mehrens sponsors the Spanish club that has 35 members in good standing.

Highlights of each club's activities included participating in the 1981 Homecoming Parade and participating in various fund raisers.

The foreign language clubs give students an outlet to experience different cultures without leaving the U.S.A.

LEADERS FOR A DAY

The Youth in Government program prepares today's student for tomorrow's politics.

This group spends several months working on student created bills before they spend a weekend in Springfield, talking over the roles of legislators, lawyers, lobbyists, and pages in mock sessions of the Illinois Legislature.

Before Springfield, these student legislators attend two pre-legislative sessions to work on their bills and to hold elections for student-held executive offices.

This year, Senior Kathy Aiken won the nomination for Lt. Governor at the Pre-Leg 1 session, and last year, a bill was passed from Reavis and it later went on to be represented in the real State Legislature.

THEY KNOW THEIR BUSINESS

The Business Club activities are not only informative, but fun. It is designed to teach students about the aspects of business through field trips and other learning experiences. Business Club participates in homecoming by decorating a vehicle for the parade. They also hold an annual Christmas party and plan a trip to Great America.

Although it is not required, most of the club members are enrolled in Business class and are interested in pursuing careers in the field of Business. "The field trips taught me a lot, but being with the people and building friendships made it something I knew I would enjoy," said Sue Swafford, junior.

Mrs. Nowakowski, this year's sponsor, has a great relationship with the students. This year's officers are Carolyn Ray, President; Kim Bandusky, Vice-President; Sue Swafford, Secretary; and Jenny Ralph, Treasurer. As one club member replied, "Business club offers a wide range of activities for not only learning, but fun!" There is no prerequisite for joining Business Club. Everyone who enters wishes to make new friends and to learn about the field of Business.

INVOLVEMENT GROWS AT REAVIS

Reavis High School is proud to add two more clubs to its already numerous organizations.

The Christmas Club, sponsored by Mr. Lyon, is composed of students whose main objective is to spread Christmas cheer throughout the entire school. They accomplished their goal by decorating the hallways and the cafeteria. The club made almost all of the decorations. Because of the Christmas club, the month of December was filled with the Christmas spirit.

The second club to be added is the President's Club, sponsored by Superintendent, Don Klusendorf, Bill Lyon and Clyde Rode. The goal of this club is to keep communication lines open between the students and the administration of Reavis. With an open line of communication between the students and the administration, it is easier for the administration of Reavis to be aware of its students' needs and wants.

With so many opportunities available it is easy for students to become involved in a club of their choice.

FORENSICS FLOURISH AT R.H.S.

The Reavis speech team, sponsored by Tom Smith, has doubled its size since last year.

Many people think that all the speech team does is give dull, boring speeches, but they are misinformed. A position on the team is not only a learning experience, but a chance to push acting skills to the limit.

There are many different events, from humorous duet acting to story and poem reading.

Reavis has done fairly well considering 90% of the team has never competed before. Rob Mackowiak took a first place in Radio Speaking; Esther Gountounas took a second place in Extemporaneous Speaking. The Humorous Duet team of Ray Lesniewski and John McNally took a third place and a fourth place at Conference; Sue Baker took a sixth place in Dramatic Interpretation at districts; and Chris Varanauski took a sixth place in Humorous Interpretation at districts.

Like the Speech team, the members of the Debate team also spend many long hours working to prepare their debates. Their season has proven to be a very rewarding one also. Adam Perch and Rich Vinyard (team co-captains) took a first place at the Wheeling High School tournament. Also doing well were Laura Zielinski, Diane Zygmunt, Tim Egan, and Dan Niemiec. They took a first place at the McHenry High School tournament.

Overall, the debate team has competed at approximately ten tournaments this year.

HARVEY APPEARS AT REAVIS — OR DOES HE?

Harvey is a comedy filled with many magical moments and it is centered around Elwood P. Dowd (Ray Lesniewski) and his pal Harvey. Harvey is actually an invisible 6 foot 1½ inch rabbit; visible only to Elwood. His sister, Veta Louise Simmons (Mary Sepanik) and nephew, Myron Michael Simmons (John McNally) feel that they are being tortured by the rabbit, so they try to have Elwood committed at a sanitarium. After many complications, Veta gives up and lets Elwood live in his "own little world."

One cast member remarked, "I feel that this play was a great experience shared by the cast and audience. I hope that it will be remembered as one."

The play was directed by Mr. Mark Beavers. Technical direction was done by William Wadington and Laura Grauer. Rose Cramer was the head of the makeup and costume crews.

CHANCES ARE GOOD FOR CONTEST PLAY

A *Marriage Proposal*, written by the great Russian playwright Anton Chekhov, was selected for the contest play this year. It was directed by both Ms. Dorinda Urbauer and Mr. Norman Hansen with assistant direction by students Lisa Erer and Laura Skubiszewski.

The cast and directors worked very diligently to prepare the one-act play for competition in a five week period. The actors had to learn their lines perfectly, memorize the movement, and one of the most difficult things — "create" a characterization for their particular characters.

The title of the play explains exactly what it's about, but another theme of the play shows the stupidity of the human race and how easily they can be annoyed. Lomov (Ray Lesniewski) is a crazed hypochondriac who gets his nerve up to ask for the hand of Natalia (Dawn Korbel). Natalia is an old maid at the age of 25, and her father Tchubukov (Frank Tieri), wants to get rid of her. Natalia and Lomov begin to quarrel over the most foolish subjects (meadows and dogs), and they get so frenzied that Lomov faints. The father realizes that these two were made for each other and he gets them to "kiss and make up." They are now happy and decide to marry, but the moment that their bliss begins, it also ends. The two start another argument and will hopefully live "happily ever after."

DRAMA WORKS WITH STYLE

The Drama club has had many activities this past year, but one of its highlights was the Illinois High School Theatre Festival. The festival is a culmination of all aspects of theatre in which 2,000 high school students and faculty members participate. The many activities at this festival include workshops, a professional production, and various high school plays. Reavis had the honor of presenting this year's Candlelight II production, "Sganarelle," at the festival.

The Drama club also sponsors Candlelight II, Winter Play, Contest Play, and the Spring Musical. Their other activities include seeing a professional production ("The Front Page" at the Goodman Theatre), participating in Homecoming, and the annual candy sale.

The Drama Club is sponsored by Ms. Dorinda Urbauer. This year's officers were Kathy Aiken, President; Frank Tieri, Vice President; and Mary Sepanik, Sec.-Treas.

Most of the people in the Drama Club are Thespians, members of a national society of dramatically involved people. The name Thespians is derived from Thespis, the famous Grecian who originated the start of the single dramatic character. In ancient times Grecian dramas contained just one character, but this one character was played by a whole group of people.

To be a Thespian, a student must work on the stagecrew, makeup or costume crews, or act in the plays for a hundred hours. After 600 hours of work you become an Honor Thespian. Being a Thespian has many advantages, such as getting a one year subscription to the magazine "Dramatics" and getting discounts on tickets for professional productions.

The stagecrew is an important function of the club, because without it the actors would not have any sets, lighting, costumes, or makeup. This year Laura Grauer and William Wadington are the stagecrew directors. Rose Cramer is the head of the makeup crew, and Lois Stanclak works on the hairstyles for some of the productions. The costumes are usually rented from a downtown costume company or obtained from the costume room.

"COMEDY CAPERS" ENDS WITH A SPLASH

By practicing once a week throughout the school year, the members of the Aquatic Arts Club prepare themselves for their annual spring show.

With the help of club sponsor, Mrs. Kathy Vitiritti, President Laura Reed, and Vice-President Ann Gaborik, the girls practice new strokes, learn new stunts, build endurance, and rehearse numbers for the show. In December members bring in ideas and a show title and theme are picked.

Although the spring show is the most important, the club members also participate in other activities. They sell candy to cover expenses, attend workshops on synchronized swimming, and sponsor an overnight in the school.

Last year's show was titled "Comedy Capers" and included numbers featuring such comic strip characters as Popeye, the Muppets, and Batman.

Mrs. Vitiritti commented about her first Aquatic Arts show, "I feel that the show was a success and that it went very smoothly."

The main purpose of Aquatic Arts is to provide recreational activities in a controlled environment. "I think it's enjoyable and fun and that it gives the girls a different outlook towards school," remarked Mrs. Vitiritti.

CHORUS PROVIDES THE NOTES

Under the direction of Miss Louise Lane, the Reavis choirs were very busy this year. Not only did they perform at the Christmas Concert, Spring Concert and Pop Concert, they also made various trips to the theatres downtown. Among the professional shows they saw were *A Chorus Line*, *Dancin'*, and *The Pirates of Penzance*. They also, on occasion, performed at various nursing homes and the Museum of Science and Industry.

Concert choir is made up of 50 girls and six boys. They sing many types of songs throughout the year. To be in Concert Choir, you must audition. It is a class held 3rd hour. They learn the types of techniques of all kinds of music including popular and classical.

The Concert Choir had two members, Stephanie Miller and Frank Tieri, selected for the All State Choir. The Concert Choir also performed at the SICA Festival held in February.

Miss Lane also directs the Ensembles Choir. Ensembles is made up of 14 girls. It is a select group who practice Mondays from 3:00-4:00.

The officers for the choirs for the '81-'82 school year were: Concert Choir — Mary Pat Sepanik, President; Julie Carrier, Librarian; Varsity Singers — Sue Friedenfeld, President; and Marie Reynolds, Librarian.

RAMBLIN' RAMS DANCE THEIR WAY TO STAR- DOM

This year's Show Choir members will be singing and dancing their way to Nashville, Tennessee over Easter vacation. At the beginning of December, they were accepted by the International Dance Competition to perform in Tennessee.

These students practice over eight hours a week, usually learning a new routine weekly. They have over 20 performances a year including Candlelight, Senior Breakfast, the Oak Lawn Jazz Festival, competitions and much more.

Some of this year's songs include "Everybody Rejoice," "Strilletto," "Desperado," and many more.

Spyro Revell commented that, "What I like best is performing at the Oak Lawn Jazz Festival."

Show Choir is made up of 20 members. There are also six roadies who help during practices and performances. The sponsors are Miss Louise Lane and choreographer, Mr. Dave Raab.

BAND KEEPS TIME

The highlight of the year for the Reavis music department has to be the Band's trip to perform at the 1982 World's Fair in Knoxville, Tennessee. But the department hasn't been sitting around just waiting for July. In the meantime they sponsor six different bands that provide a service to both the entire school and the Reavis students who are especially interested in music.

The two major bands are the Concert Band, directed by Mr. Andrew McCutcheon, and the Varsity Band, directed by Mr. Raymond Bialek. They perform a Winter Concert; combine with the choral to give the Pops Concert; and they accompany the choir at their Spring Concert.

From these two groups of talented students, four other bands have been formed. The Marching Band performs at half time at all football games and for the first time this year the Pep Band has been formed to play at the basketball games. "The Jazz Band," according to Mr. Andrew McCutcheon, "is the training band to prepare students for eventual participation in the Lab Band." The Lab Band is the Jazz Ensemble of the school and represents Reavis in a number of jazz competitions throughout the year.

THEY ESCORT
YOU
ANYWHERE

Unlike most clubs, the Ushers Club shows how dedicated the students are to help others. The Ushers Club guides parents and students if they are lost or need help to find their way at special occasions such as the math contests, eighth grade tours, assemblies, first evening of night school and many other various activities.

The sponsor of the club is Mr. Lyons and president is Ralph Doguin. The club consists of about thirty students.

It has no meetings but when an activity comes up, a student signs up for it ahead of time. He wears a blue jacket when ushering that Reavis provides.

Without the help of the ushers during special activities our school would be in a confusing state.

RAHS CHEER FOR OUR TEAMS

In the gym or on the football field, the Reavis cheerleaders are doing their best to promote school spirit. During Reavis' sport seasons, there is an incredible cheerleading effort.

After going to camp during the summer, they're ready for vigorous football, basketball, and wrestling seasons. During the year, they participate in many fund raising activities. A dedicated Mr. Pearson and Ms. Urbauer are this year's sponsors.

When the season ends, the girls are still hard at work perfecting cheers and preparing for the next year. During the season, they are expected to be at every practice and game or meet.

During Reavis' football season, the Reavis RaHS work even harder to help make Reavis number *ONE!* Posters and locker tags brighten the halls, and their optimistic attitudes brighten pep rallies and football games.

The cheerleaders' dedication and optimism set an example for every Reavis student. Reavis should indeed be proud of its cheerleaders.

BLUE ANGELS MAKE HALF-TIME EXCITING

This year's Blue Angel squad of 25 girls will be accompanying the Reavis Band to the 1982 World's Fair held in Knoxville, Tennessee.

If you attended the 1981-82 football and basketball games this year, you were able to see them perform during half-time. During the football season, they learned a custom written show to the hit musical "Evita." They also performed to the theme "Superman," along with other songs. During pom pon season, they performed routines to the theme from "Greatest American Hero" and many popular songs.

In the summer of '81, seven of the girls attended flag and pom pon camp, where they learned many of their moves and routines. They practice very hard before and after school. Throughout the year, they also attend clinics and competitions.

The sponsor of the squad is Miss Louise Lane. There are also two captains, Patti Wileman and Julie Carrier. The Blue Angels have been selling fund raisers throughout the year to raise money for their trip, and are looking forward to going.

SPIRIT CONTINUES

The Varsity Club and Ramboosters have a lot in common. Both clubs are filled with members who contribute to keep Reavis spirit alive.

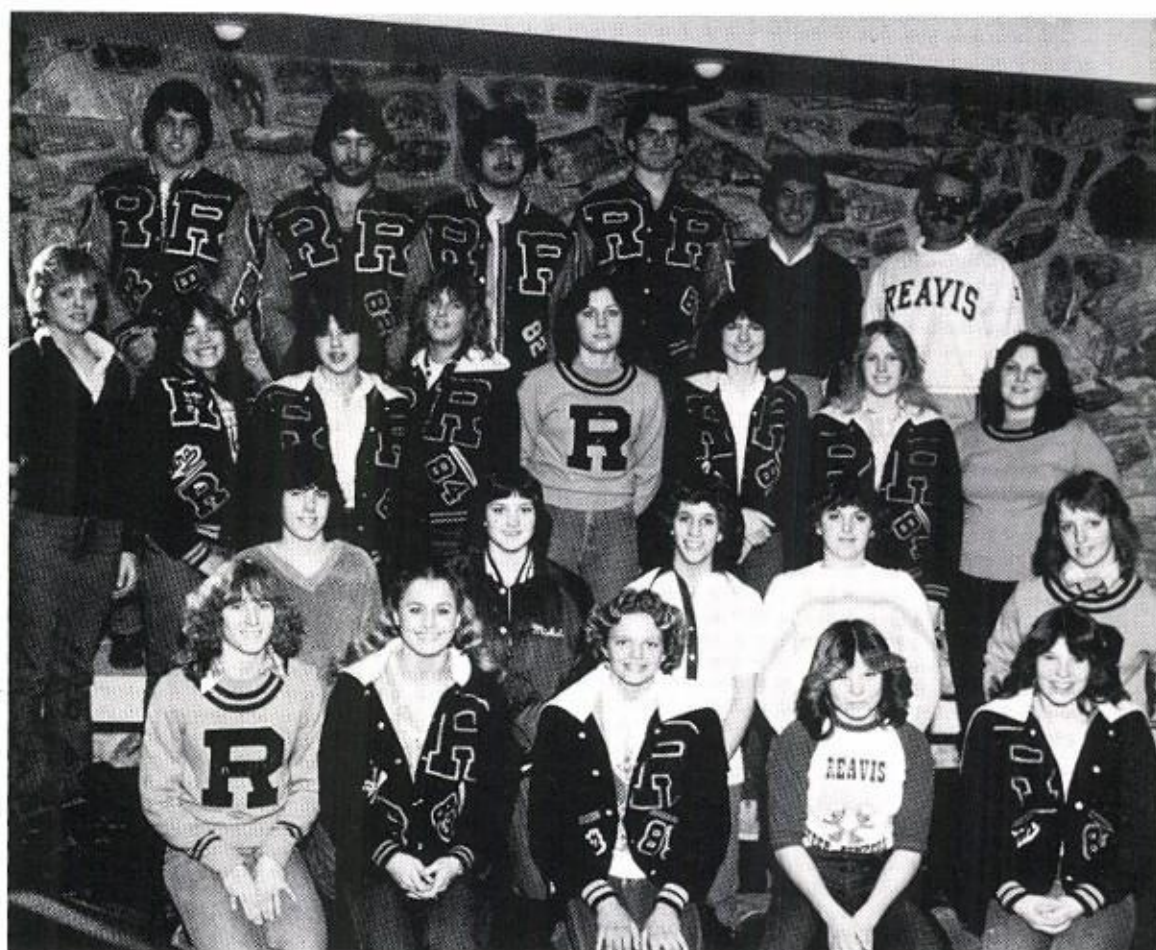

Many of us admire the work of the Ramboosters, but don't really recognize the hard work they put into it. Every new sport season brings new work for the Ramboosters. They are responsible for many of the colorful posters and locker tags seen throughout the school.

The club begins the first week of school and meets once a month with the exception of the football season when the club meets every week.

This year the person in charge of the Ramboosters is Miss Shileny. This is her first year, but she says she enjoys it and would be glad to return next year to the Ramboosters.

The captain this year is a student who has been here at Reavis for four years, Darlene Klein. Darlene is also the captain of the football cheerleading squad, a member of the National Honor Society, and a member of the Usher club. When asked what she does for the Ramboosters, Dar replied, "I arrange meetings, make posters, and design locker tags."

On the other hand, the Varsity Club is made up of students who have earned their varsity letters. It is a social group who sponsor open-gym and other activities throughout the year. Without the people who earn these letters, we would have no one to cheer for.

SCHOLARS RECEIVE RECOGNITION

Being accepted in N.H.S. and J.H.S. is an achievement of great accomplishment.

The National Honor Society consisting of 100 students from Reavis is sponsored by Ms. Donna Buckley. The juniors or seniors must hold a 3.1 average or higher to be accepted. The officers for the N.H.S. are: President Kevin Andrews, Vice-President Kevin Tallman, Secretary Peggy Oprondek and Treasurer Robin Alcala.

The honor society is a club sponsored in every high school throughout the United States. Records are kept in Washington on every person accepted in the club.

Being a member of N.H.S. or J.H.S. has many benefits. It is very complimentary for college or job applications. The National Honor Society also offers scholarships to outstanding scholastic students.

The Junior Honor Society is only for freshman and sophomore students having a 3.5 average or higher. Officers for the Junior Honor Society are President Carla Dreher, Vice-President Pam Bertuca, Secretary Michaelene Busch, and Sandy Evens as Treasurer.

The N.H.S. and J.H.S. both participate with the homecoming float, the Christmas party, the food drive, selling candy, and Induction Ceremony where they receive their pins and cards. N.H.S. also holds a Christmas party for the Senior Citizens and sponsors the Turn About Dance along with the Blue Angels.

The National and Junior Honor Society is an organization that requires scholarship, leadership, and service from its members.

GRAPHIC ARTS CREATES PRINTS

The Graphic Arts Club's membership is limited to students taking a Graphic Arts class.

Mr. Paul Klinger, this year's club sponsor, says the club is limited only because the students have to know how to run the presses. "The club is not a class. It is just an extension of the class," he says.

Throughout the year, members work on different projects, such as multi-color T-shirts or calendars. They also take field trips to printing companies to see what working in the Graphic Arts field is like. The group meets weekly or bi-weekly.

Some students have an opportunity to enter exceptional projects in an annual Graphic Arts contest that is held at Triton College. Each year our students have entered, they have received awards.

Officers in the graphic arts club are: Chris Kurcab, President; Mark White, Vice President; Gene Krupinski, Treasurer; Jim Webb, Secretary; Mark Linderman, Sergeant at Arms.

AUTO CLUB TUNES UP

The Reavis auto club enables interested students to expand their knowledge of the automobile, as well as work on projects that could not have been completed during the regular class period.

Club sponsor Mr. W. J. Russell said, "the club can help members receive credit for an auto class, or receive help doing a difficult job. Members attending a meeting are able to use all of the shop equipment."

One of the club's projects includes a demonstration vehicle. A local dealership donated this car to the school after it fell off a trailer. The fenders, as well as the hood, were removed and the fire department cut off the damaged roof. With a little time and effort, these students produced an automobile which the auto classes use to demonstrate the various jobs that are encountered throughout the year. Using this car, the students can see for themselves how difficult the job will be, as well as encounter any problems and ask any questions before performing the same job on their car.

Although there are no club officers, Bill Stevens represents them in the Presidents' club.

CREATIVITY FLOURISHES IN THE ART CLUB

This year the Art Club has dealt in many different activities. Sponsor Mrs. Stone said, "I hope that students who are Art Club members enjoy the companionship of each other's company and have a good time. Art Club members learn responsibilities while working together on group and community activities."

Some of the things the Art Club provides for are cultural enrichment activities and extra-curricular programs.

During the 1981-82 school year the 14 members of the Art Club have done many different things. One of the most important things is designing a mural for the Prairie Trails Public Library. Other things the Art Club has done were having a Halloween Party, some pizza parties, a ski trip, and a fund raiser.

The officers are President Roma McLaughlin, Vice Presidents Debbie Preyss and Paula Marr, Secretary Gena Young, and Treasurers Linda Cummings and Karen Varanauski.

PHOTO CLUB MAKES LASTING IMAGES

"The Photo Club allows the more interested student the opportunity to explore photographic techniques beyond the realm of the classroom." This is what sponsor Mr. Bob Babcock feels the Photo Club is for.

The Photo Club expands beyond the knowledge of photography. "Those students who realize this can gain a better insight into the photographic industry."

Some of the many things the Photo Club deals with are the printing of the Fall Sports Program and some of the Blueprint and Yearbook photos. They also donated a picture which was later raffled off.

The Photo Club basically deals with photo composition, cooperation of a camera, the correct use of a flash, and layout work.

This year the officers are President Rick Stabile, Vice President Don Bartkowiak, Secretary Mary Beth Nolan, and Treasurer Mike Zielinski.

The club members are pictured at left. *left to right: Paula Marr, Roma McLaughlin, Mr. Babcock, Mary Beth Nolan, Don Bartkowiak, Rick Stabile, Mike Zielinski.*

ELECTED OFFICIALS LEAD SCHOOL

The members of Reavis Student Council, representing the students, work together to make school a better place to be. The Student Council is composed of four different branches of student government: senior, junior, sophomore, and freshman. There are sixteen officers, four from each class and also eleven representatives from each class. The purpose of Student Council is to organize activities, encourage school spirit, and make suggestions to make Reavis better for all. The senior class activities include the Homecoming Dance, participating in the Homecoming Parade, selecting the senior gift and, of course, working on graduation. The Junior class also takes part in Homecoming activities. Their main project of each year is the Junior and Senior Prom. The Freshman and Sophomore classes take part in sponsoring various activities and fund raisers.

BOARD OF EDUCATION

The Reavis High School Board of Education is comprised of community leaders who give their time and expertise to set policy and high academic standards to meet the needs of the entire school population.

The board consists of two women and five men, all elected officials with varied interests and professional backgrounds such as law, business, and accounting. All of their special talents blend to give Reavis High School the guidance, leadership, and service that it needs to remain an outstanding school.

Secretary John Ahern Jr.
Barry G. Savage

Thomas H. Duffy
Scot A. Silzer

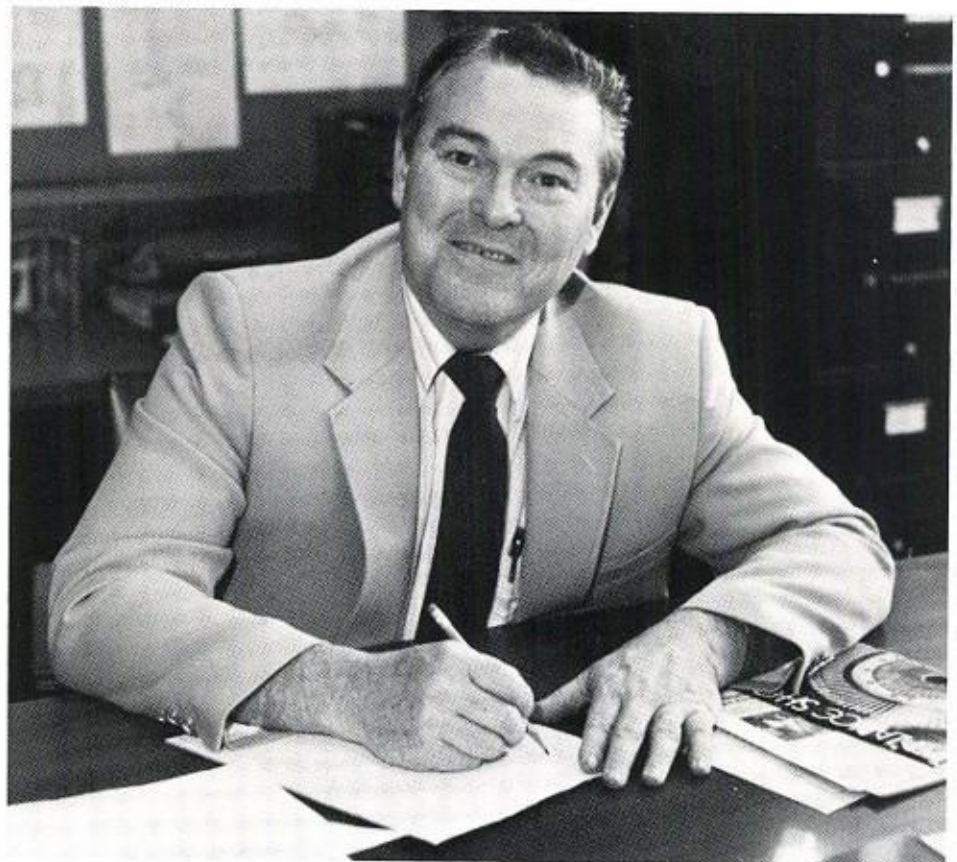

President Fred Borkowski
Jeanine Sansone
Barbara Walder

ADMINISTRATION

Our school administration is made up of four men who manage the affairs of Reavis High School. Acting as educational leaders of our community, they perform many varied duties. They implement Board policy, supervise the curricula, instructional materials and personnel. These exacting tasks demand much of their time and thoughts.

Donald Klusendorf — Superintendent
Burnelle Massatt — Administration Assistant

John Shultz — Assistant Superintendent
Harold Williams — Administration Assistant

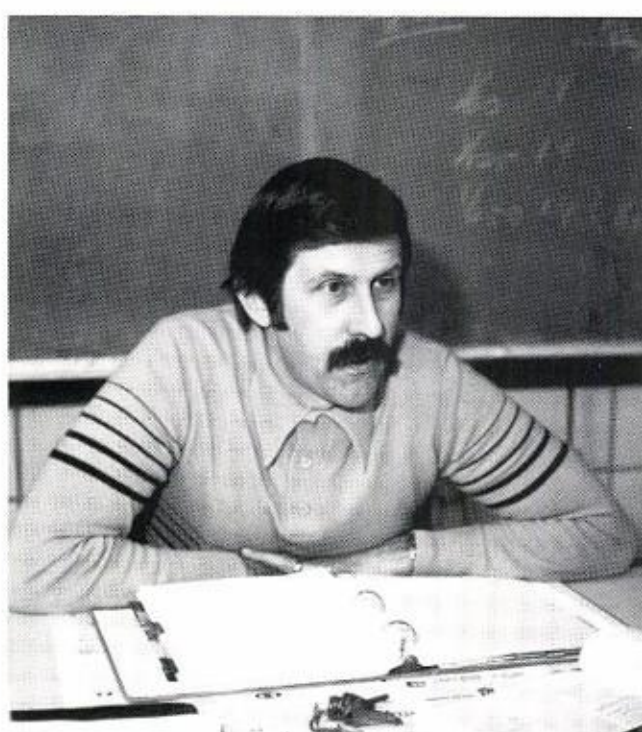

CAREER AND OCCUPATION DIVISION

The Career and Occupational Division is designed to promote career education throughout Reavis High School. The division, under the direction of Mr. Lloyd Cundiff, is there to help students prepare for the future.

The three sections under the C.O.E. title are the Business Department, Home Economics Department and the Industrial Education Department. Also included is the Co-Op Program, more commonly known as the Work Program. According to Mr. Cundiff, "The work program is the most important link between Reavis and the Community."

The Cooperative Education program benefits over 175 students, 150 of whom are employed at various businesses around the Burbank area. The other 25 go to Cameo Beauty School which provides them with instruction on the techniques and procedures necessary to become a professional beautician.

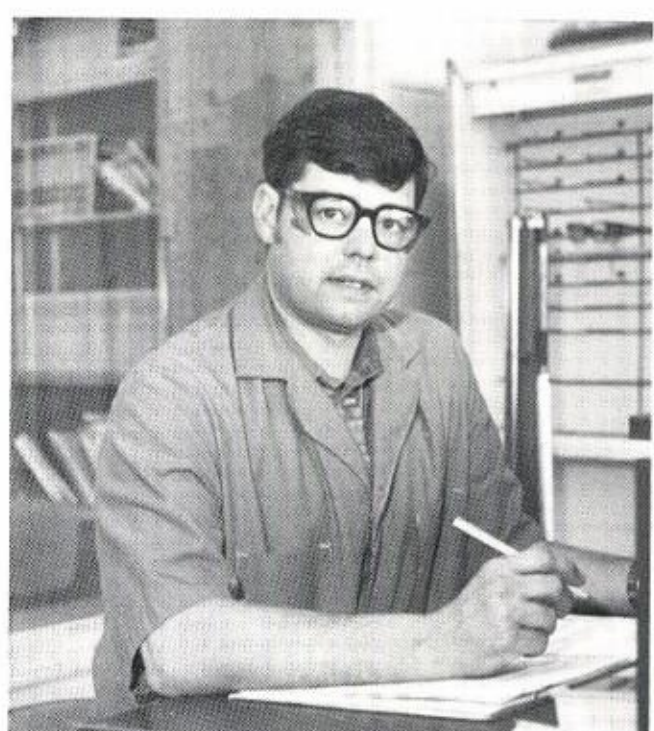

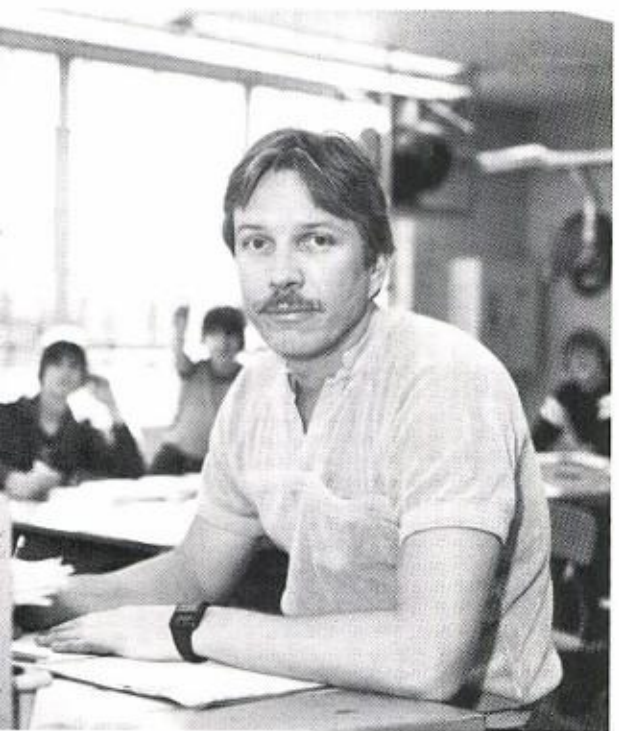

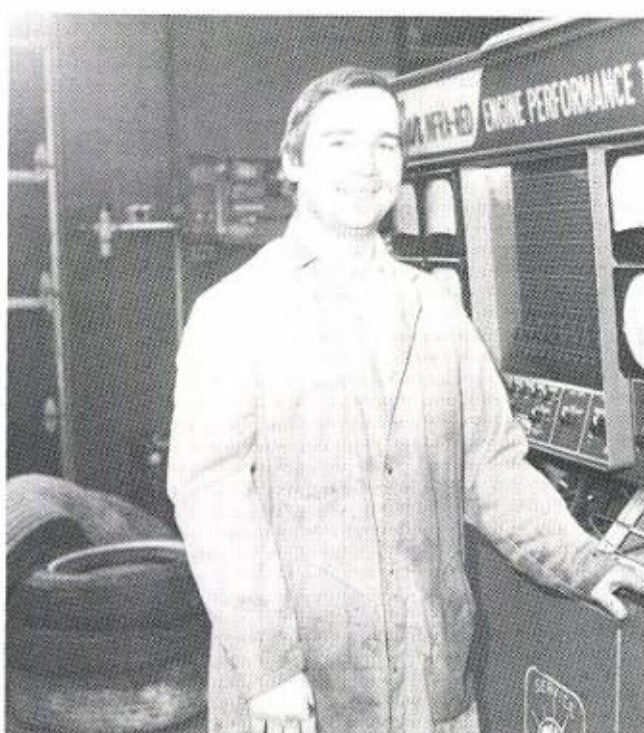

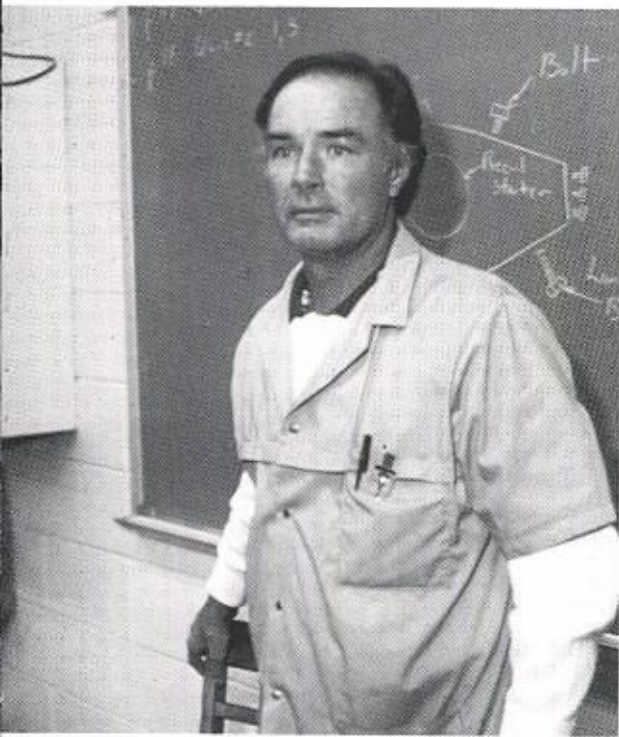

Through its other areas this division sponsors the auto club, the graphics art club and the business club.

DEANS/SECRETARIES

Two of the hardest jobs of Reavis are those of the Deans and Secretaries. The deans' jobs deal with attendance and behavioral problems throughout the school. Their primary purpose is not to discipline the students who choose not to follow the rules, but to protect the privacy of those who do.

The other complicated jobs of Reavis are those of the skilled secretaries of each division and the main office. They do various jobs to keep each department, and the whole school running smoothly.

If it weren't for these people, Reavis wouldn't operate as efficiently as it does.

FINE ARTS/SCHOOL AND COMMUNITY

The Division of Fine Arts/School and Community encompasses many different courses and programs within the school community.

The Fine Arts area offers various musical and artistic opportunities to all interested students. The Art Curriculum includes courses in drawing, painting, sculpturing, ceramics, print making, commercial art, jewelry, and design and craft. In addition, the art area is responsible for the Art Fair held at the end of the school year when students' artistic endeavors are selected for display. Extra-curricular activities include the Art Club and various showcases and displays throughout the school building.

For students with musical talent, courses are offered in Varsity Band, Concert Band, and choral areas. A separate Guitar program is available for interested students. Extra-curricular activities include: Pep Band, Jazz Band, Marching Band, Show Choir and Ensembles.

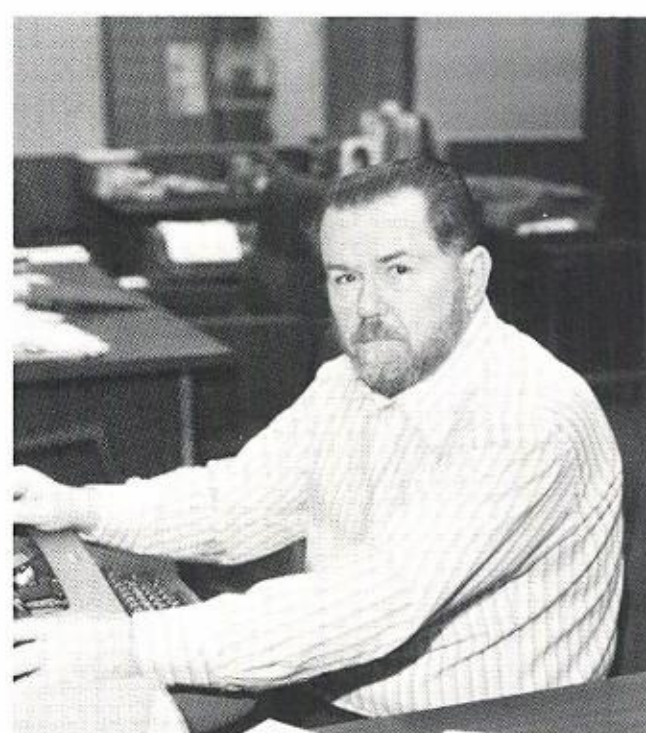

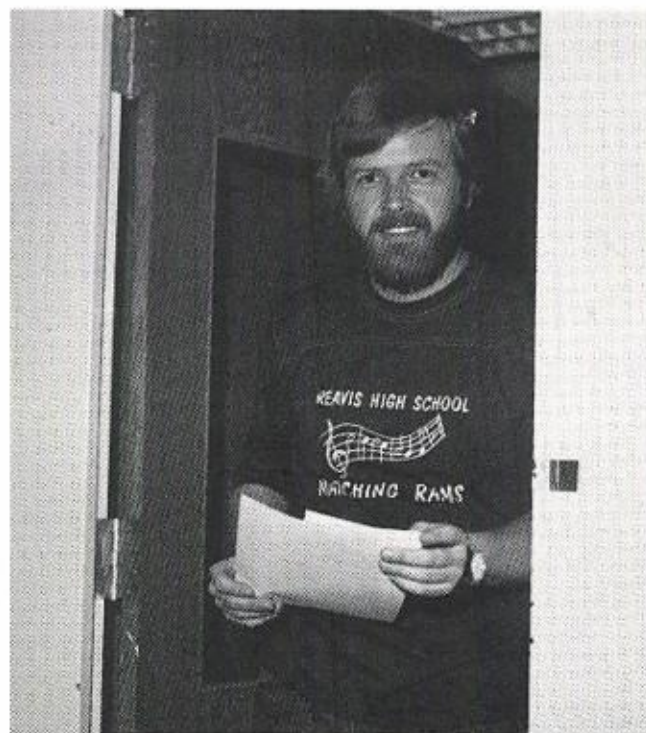

The Division, under the chairmanship of C. Rode, includes the library and library services. Various Reavis publications stem from this division: *Reavis Reports*, *Student Handbook*, *Ramblings*, and various news releases. The division is also responsible for scheduling the use of the school building. The Student Activity Program is part of the division, but the various extra-curricular activities are divided into other divisions.

HUMANITIES

The Humanities department is a branch of studies consisting of the English, Foreign Language, and Social Studies Departments.

This new event came about in the fall of 1981, as the Social Studies Department combined with both the Foreign Language and English Departments.

Mr. Parmley is the head of this department which added ten new teachers. He said, "This change required a whole new system of organization. It also put more of a reliance on teachers."

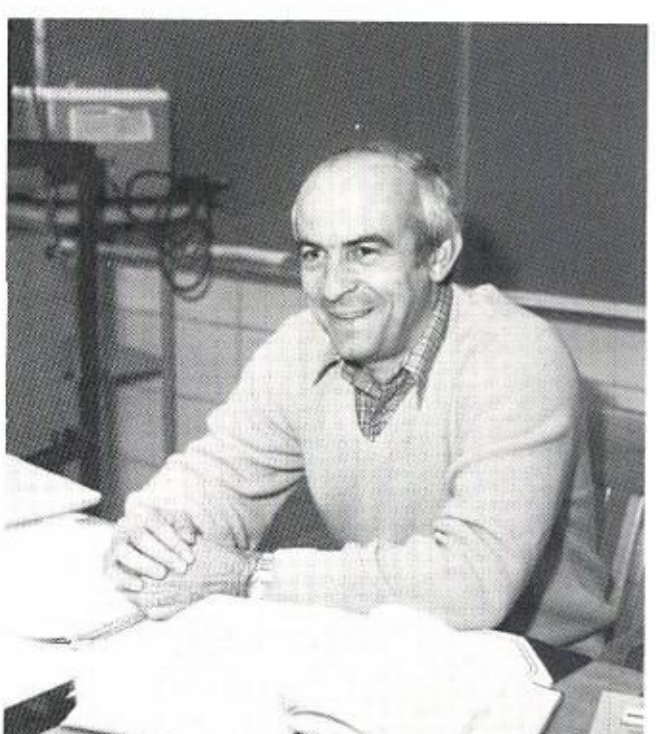

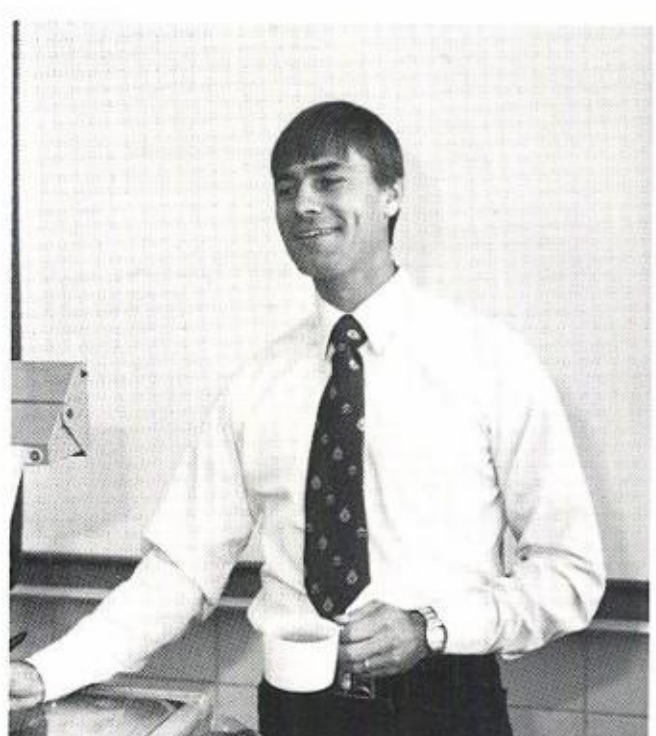

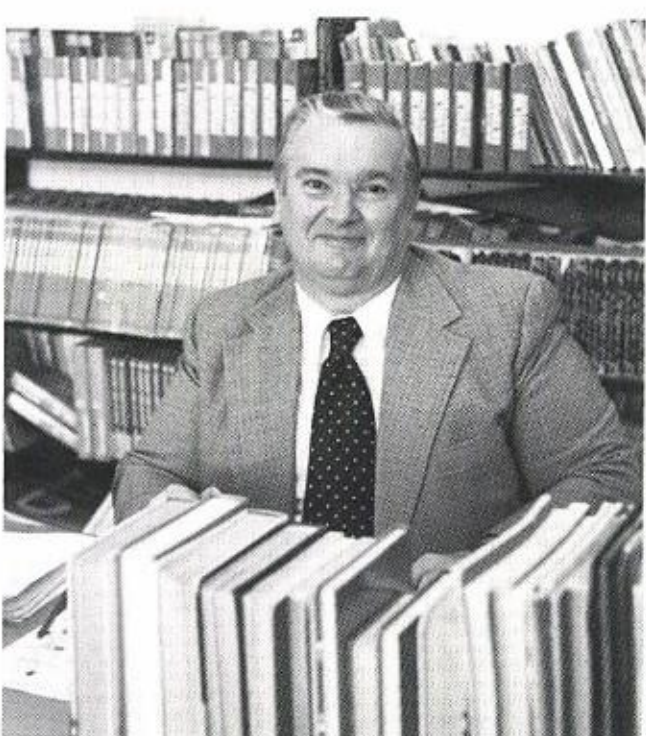

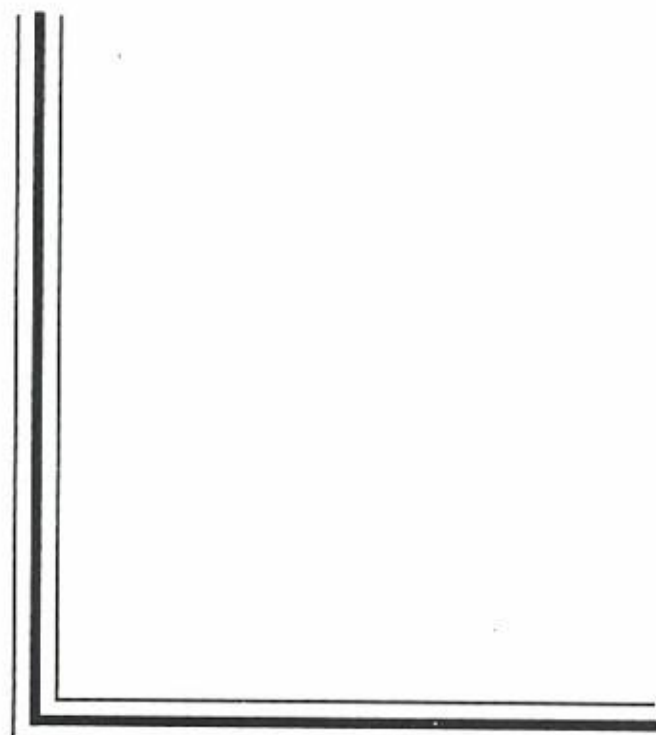

The Humanities Department sponsors the following clubs; Aries — Ms. Curtin; Blueprint — Ms. Stanciak; Speech and Debate — Mr. Tom Smith, Mr. Hansen, Mr. Bill Smith, and Mr. Garfield; Drama — Ms. Urbaur; French — Mr. Ellis; German — Mr. Hansen; Spanish — Mrs. Mehrens; Youth and Government — Mr. Ochora.

NATURAL SCIENCE

A change of events has caused the combining of the math department and the science department into the Natural Science Division. The division head, Dr. Wallace, says "I think the change is very good because mathematics is a foundation to all sciences."

As most upper classmen have already noticed, the wings or classrooms have been changed to meet the situation. Dr. Wallace says, "We (the science department) went from 12 to 23 classes. There are a lot more guidance activities that I have to be concerned with."

With the addition of the new classes comes two new clubs. They are the computer and math clubs. The clubs in this division now make up a total of four. The Science 1 Club, sponsored by Richard Thomas, deals mainly with the understanding of science. The president is Laurie Szajek. The Science 2 or Horticulture Club, sponsored by Mr. Lyons, deals mainly with the plant world. The president is Darlene Woith. The Computer Club, headed by Mr. Bianco, deals with the uses of modern machinery. The president is Rich Vinyard. The Math Club, coached by Mr. Emerson and Mr. Varland, helps students solve problems and equations in competition. The president is Rob Makowiak.

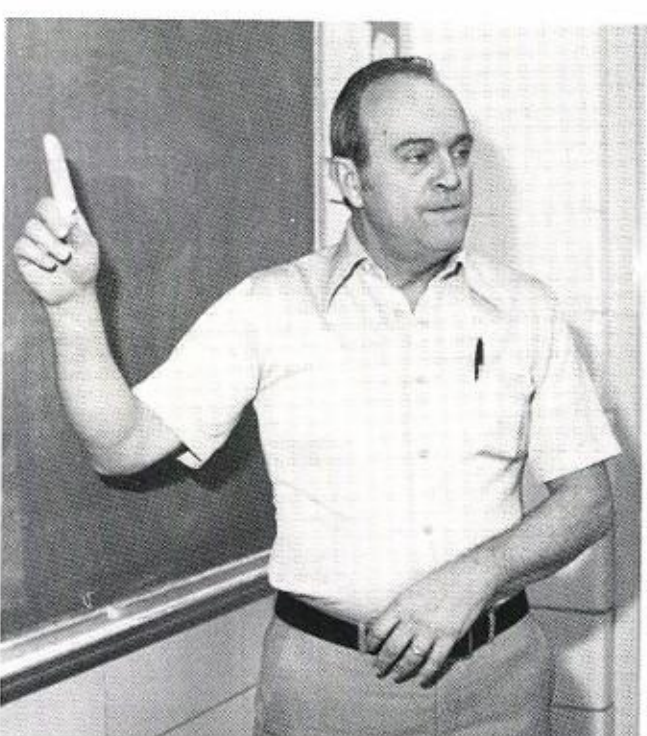

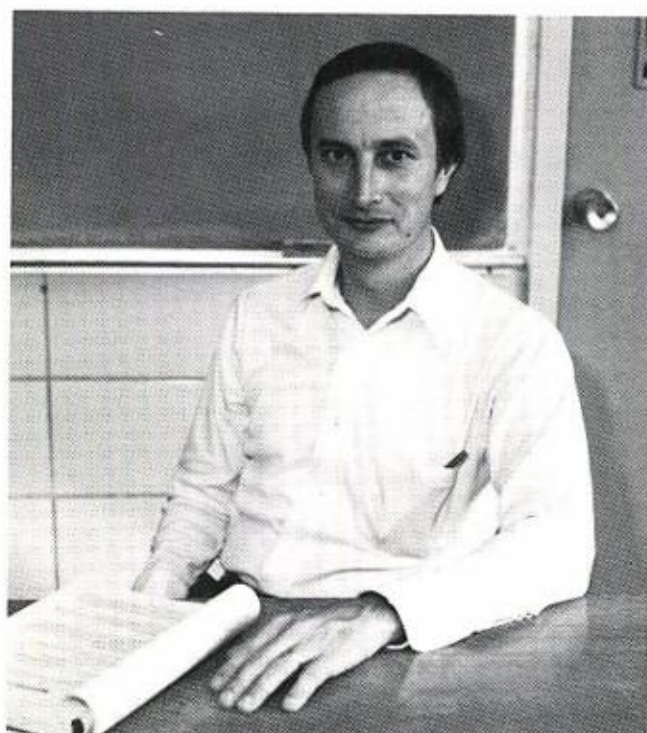

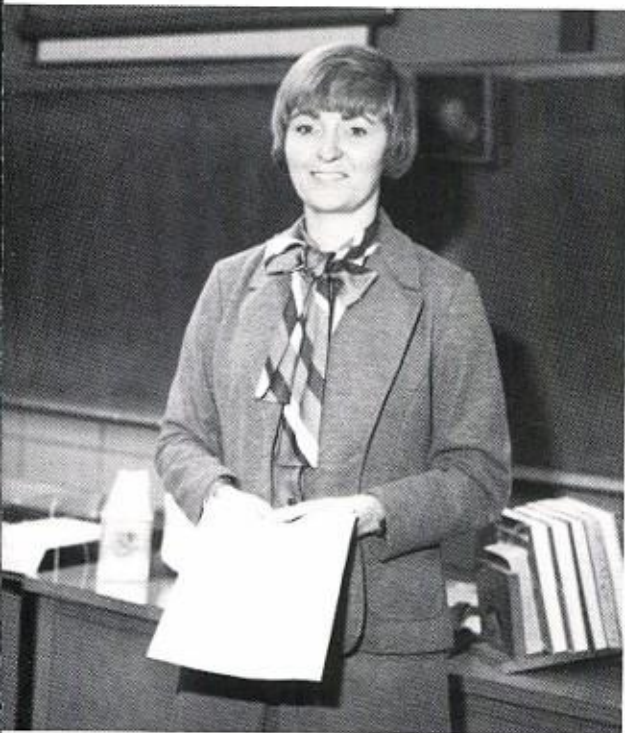

The Natural Science division offers students experience in the study of science and also prepares them for a college career.

PHYSICAL EDUCATION

The Reavis High School Physical Education Division is designed to physically prepare students for their lives outside of school. With activities such as basketball, volleyball and swimming, it proves to be a stimulating and fun-filled four years for star athletes and not so involved fans alike.

Not all the activities are as physically demanding as track, soccer and gymnastics. Students are also given the chance to participate in such sports as archery, golf and square dancing. These subjects provide a change of pace and allow all students to participate as equals.

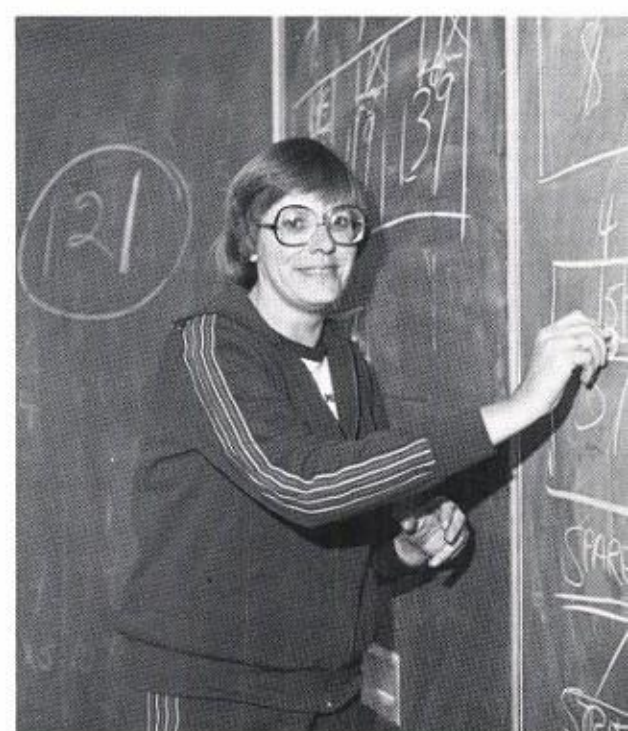

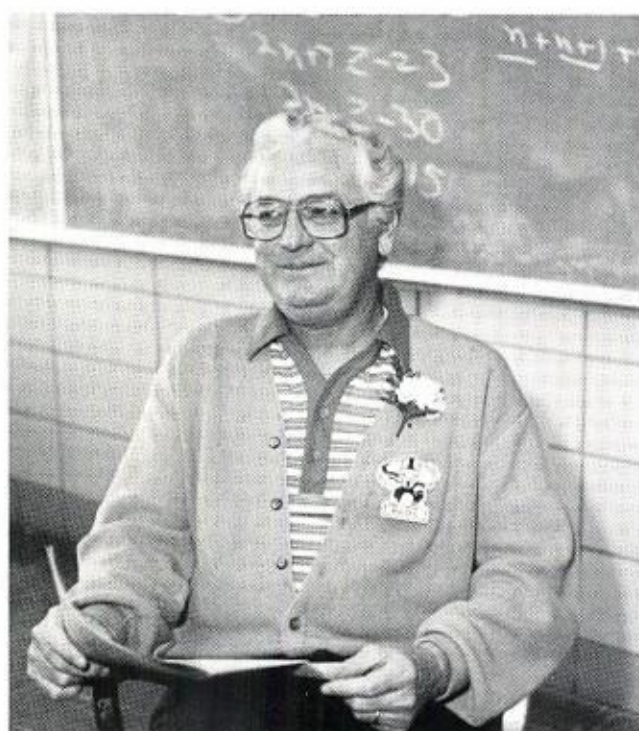

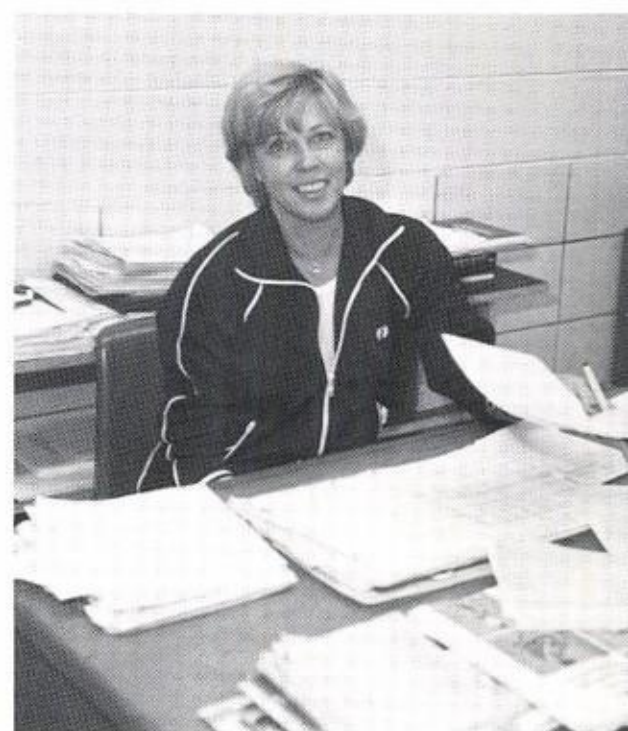

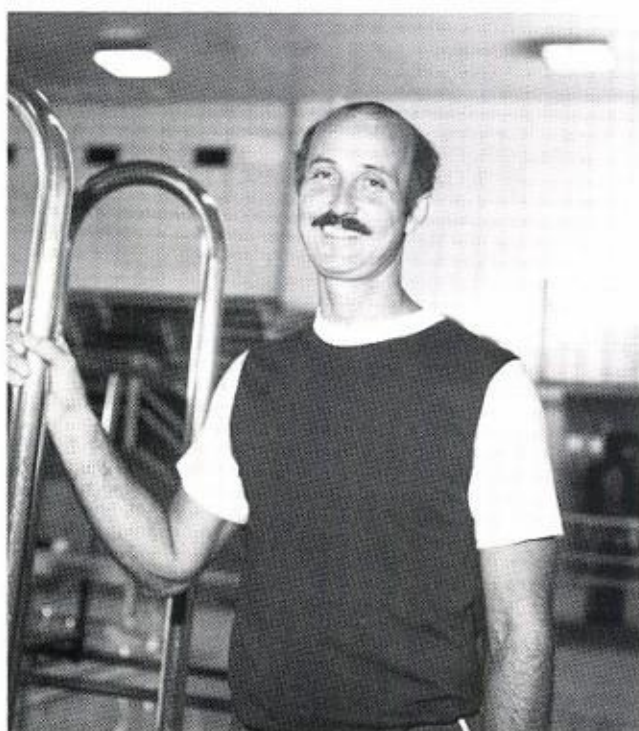

The P.E. Department also provides Drivers Education. For one semester juniors at Reavis High School participate in this program which teaches them the techniques and procedures necessary to be good drivers.

OUR UNSUNG HEROES

The unsung heroes of Reavis High School are a group of men and women who touch every aspect of the students' life. The maintenance staff is comprised of over 40 people whose talent can keep a place the size of Reavis running without any outside help.

There are people on the staff who do everything from electrical work, carpentry, painting, plumbing, and welding to repairing lockers. Every part of the students' and faculty's day is affected by one of these people. They are our chauffeurs, snow plowers and gardeners. They keep the driver education cars running and provide security for our school, not to mention cleaning up after us.

PUPIL PERSONNEL

Pupil Personnel Services offer a wide range of services for everyone in the school. P.P.S. includes social workers, Guidance counselors, reading specialists, school psychologists, Resource Assistance, gifted programs, special education teachers and the school nurse. Whether a student needs help in changing his class schedule, preparing for a test, increasing his reading speed, or filling out a college admissions form, the P.P.S. staff are always willing to help students' special needs.

In addition to the special classes and counseling provided by the P.P.S. Division, the Division is responsible for Junior Honor Society and National Honor Society. The past two years a tradition was started that honored academic excellence at Reavis High School. The top fifteen students in each class are invited to participate in the annual Academic Honor's Night in May.

TIME TO COMPETE

VOLLEYBALL SPIKES BACK

Although the Varsity Spiking Rams completed the season with a 3-11 record in conference, the team consisted of a number of talented individuals.

Senior Pat Plecki was the outstanding member of the team with the best statistics. Coach Mary Yates also named the other seniors, Dawn Korbel, Laura Mazalin, and Karen Lopresti, as well as juniors Alicia Speck and Paula Korpas as players who contributed heavily to the team effort. Plecki received the "Most Valuable" player award. Laura Mazalin received the "Most Contributions" award and Lisa Litterio received the "Most Improved" award.

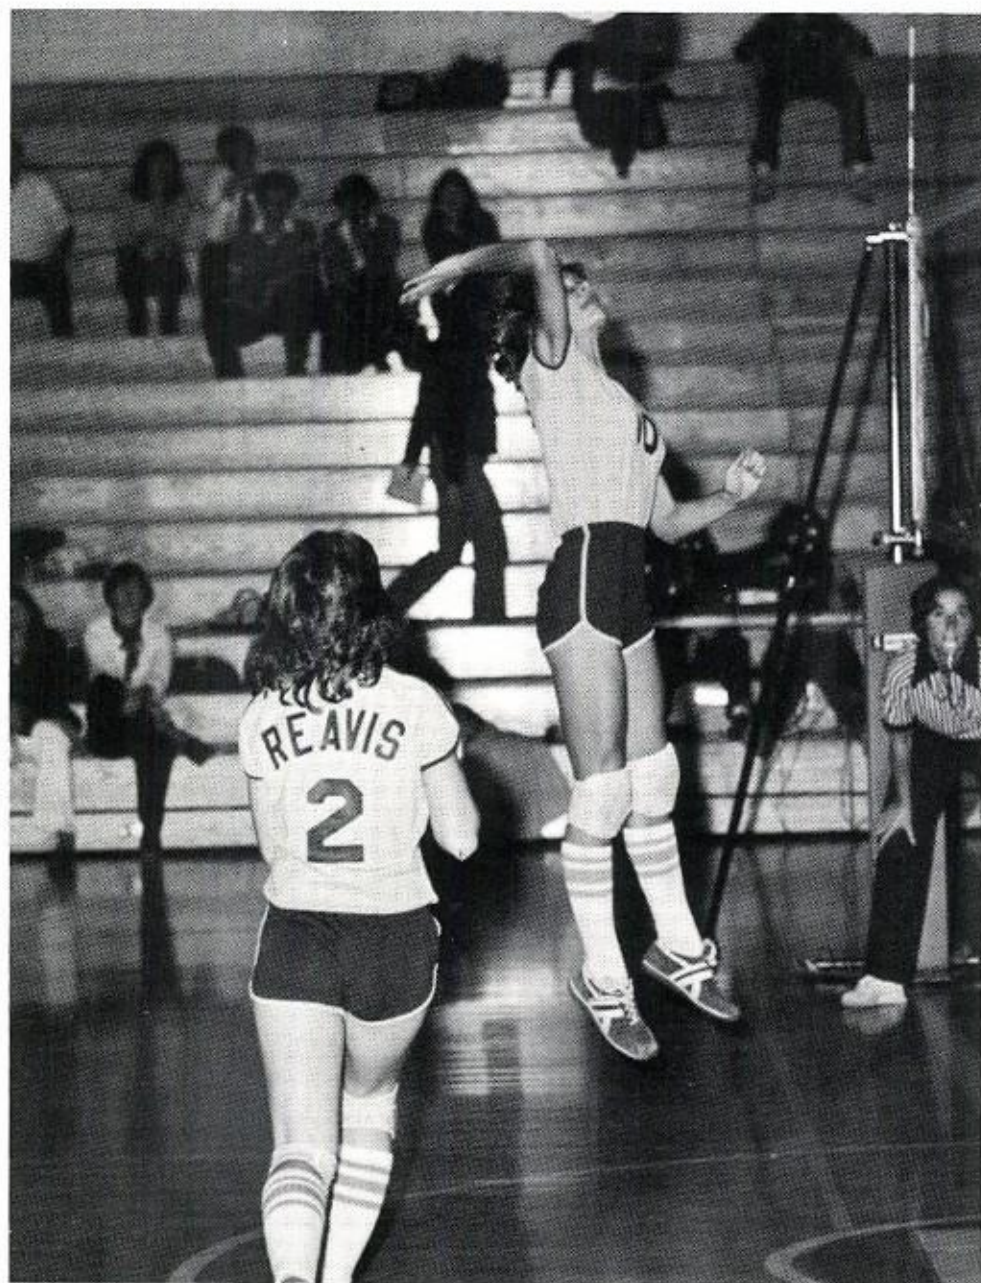

The sophomore team finished with a record identical to that of the Varsity team. Coach Catherine Maciaga commented, "I believe that our record does not reflect all the talent and effort of all of the girls. For many of the girls it was their first season playing volleyball."

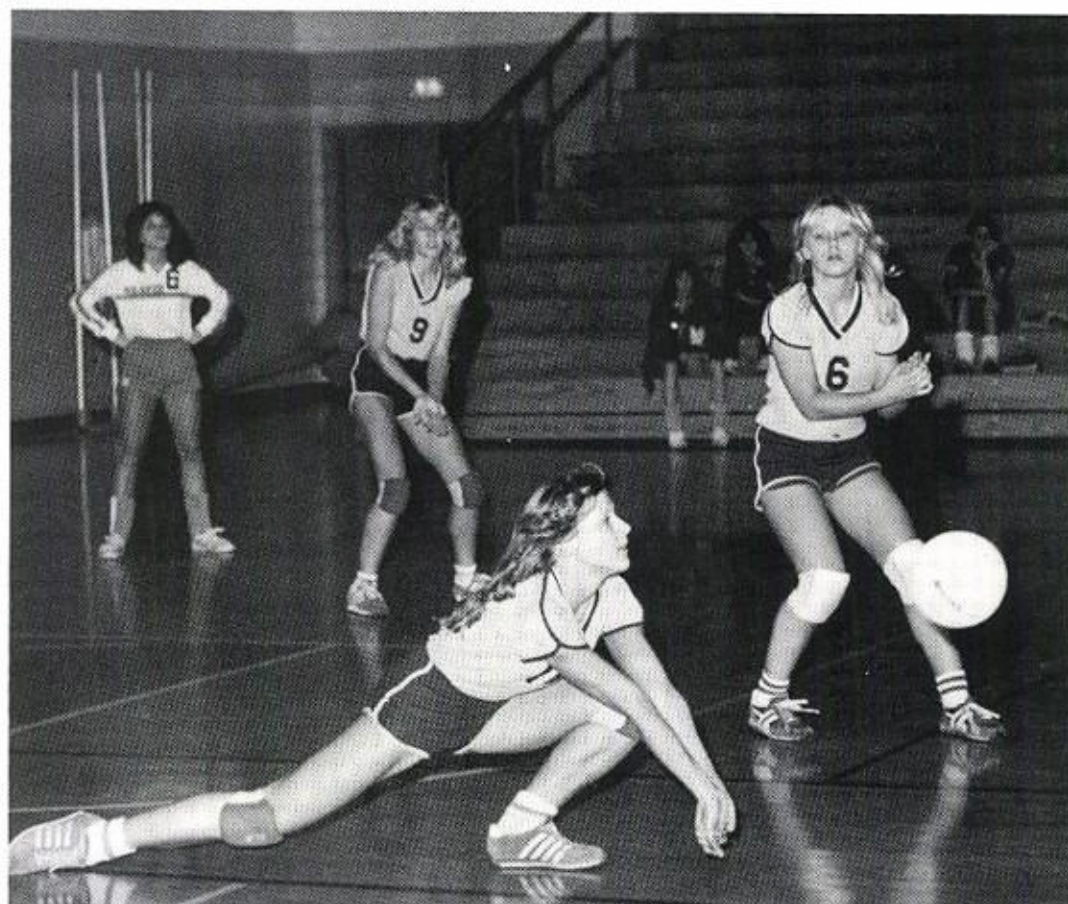

Linda Kroll received the "Most Valuable" player award. Kathy Murtaugh received the "Most Contributions" award. Mary Eisel received the "Most Improved" award.

The freshman team finished with a better record of 6 wins, 6 losses. Like the sophomore coach, freshman coach Diane Niedrich remarked, "I thought that the girls played very well considering that they were playing for the first time."

Niedrich named Janice Perit, Anna Speck, Josie Truchan, Melissa Delgado, and Jolyne Sautkus as players who were well skilled and had played well during the season.

With a number of talented players returning for next season, the Spiking Rams will look forward to a successful season in 1982.

WRESTLERS PIN DOWN ANOTHER SEASON

According to Mr. Ihnat, "Wrestling is really a difficult sport." What the kids do during a meet shows their ability, but if you go behind the scenes you get a glimpse of their dedication."

Some of the kids, when they start wrestling, don't know a thing about it. They have to start from scratch, conditioning their bodies, their quickness and agility, and their minds. They need to learn all the different moves and holds and then practice to get them down right.

To be a good wrestler one must be prepared to hurt. Every muscle is used and you feel it. Wrestlers have a lot of responsibility. They must keep their weight at a certain level. They have to learn how to size up their opponent and then know what move or hold would be the best to use on them.

Mr. Ihnat commented that in recent years the amount of wrestlers have decreased greatly. Parochial schools have a lot of good wrestlers that would have come to Reavis by promise scholarships. That puts pressure on Reavis to turn out the best wrestlers possible with very few kids.

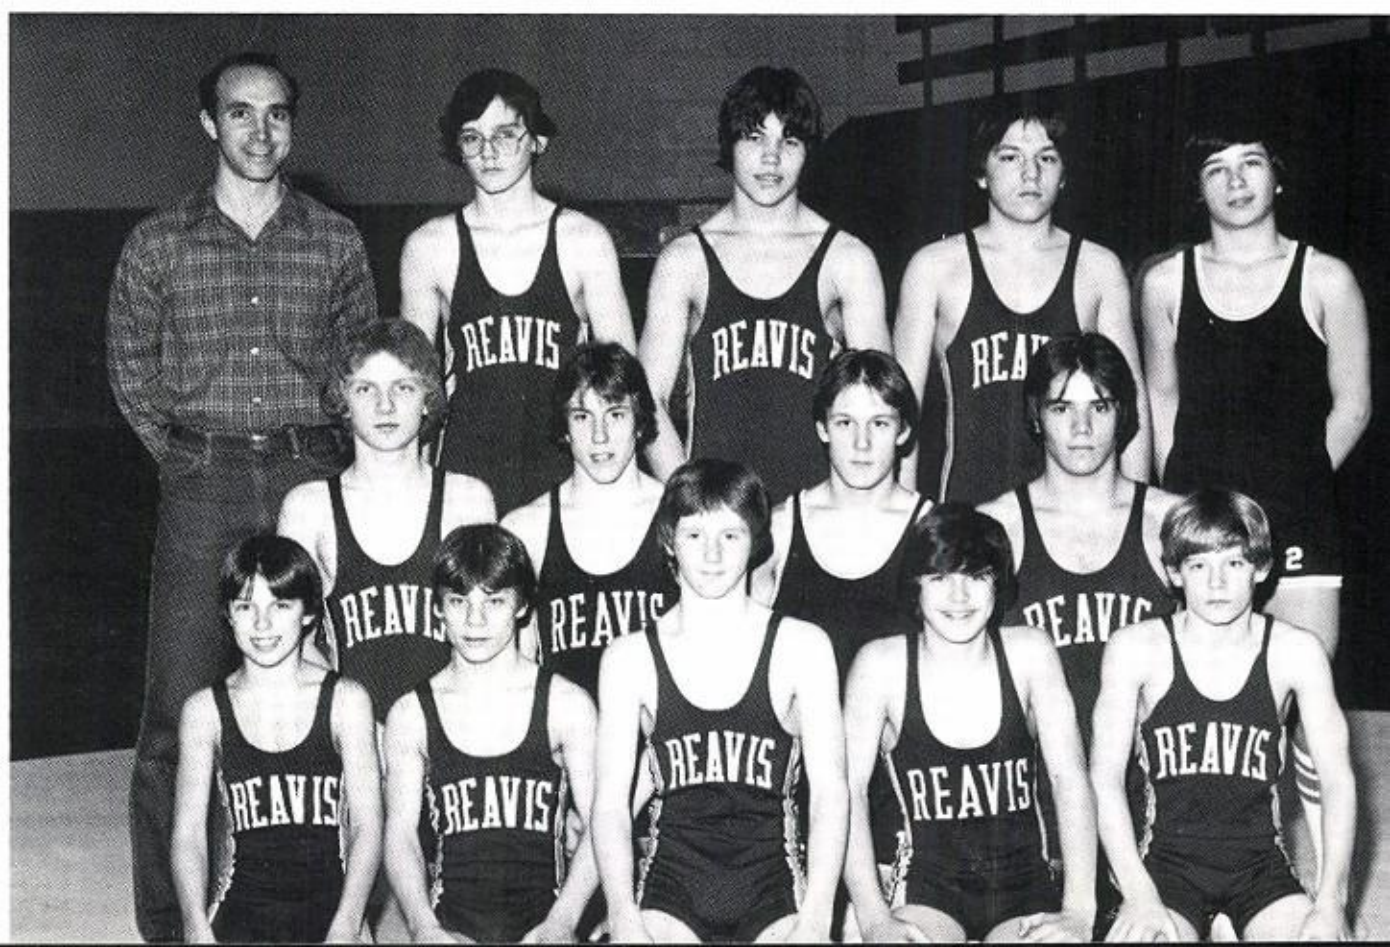

But Reavis has succeeded. Proof of this is last year's record. A few examples were: Tom Miski was the Heavyweight Champ. Dale Kline, at 98, took 1st. And Reavis took 5th place in conference even though key wrestlers like Jeff Schultz broke his arm and Ron Summers caught the flu.

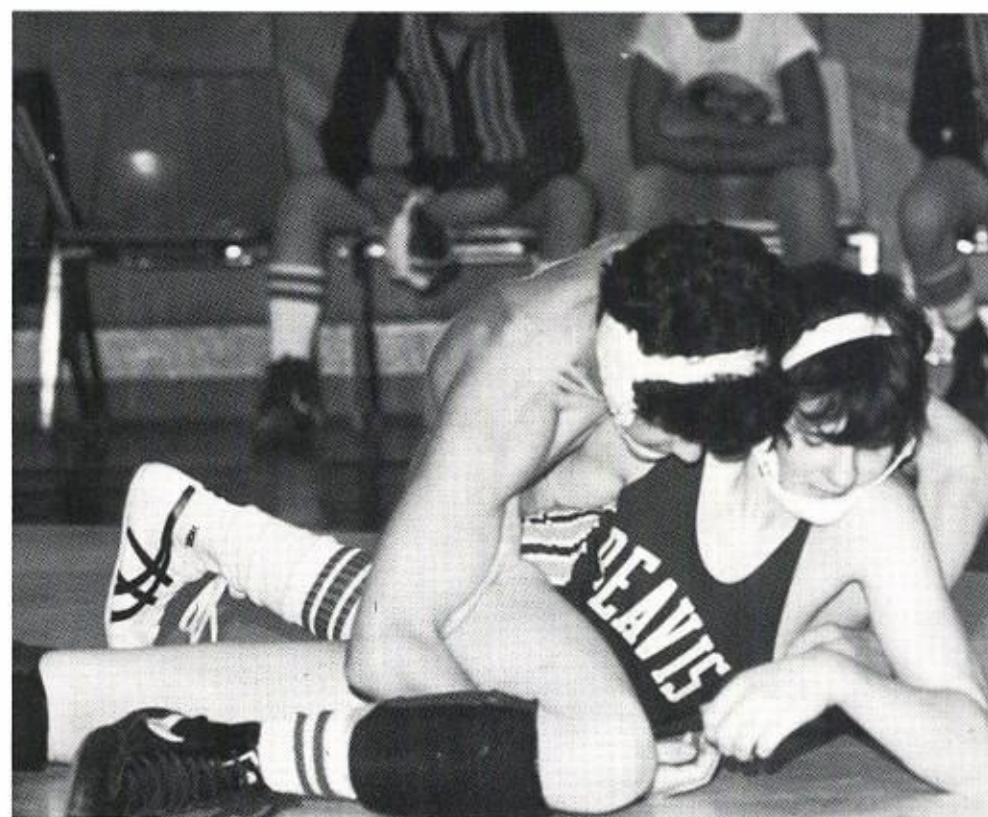

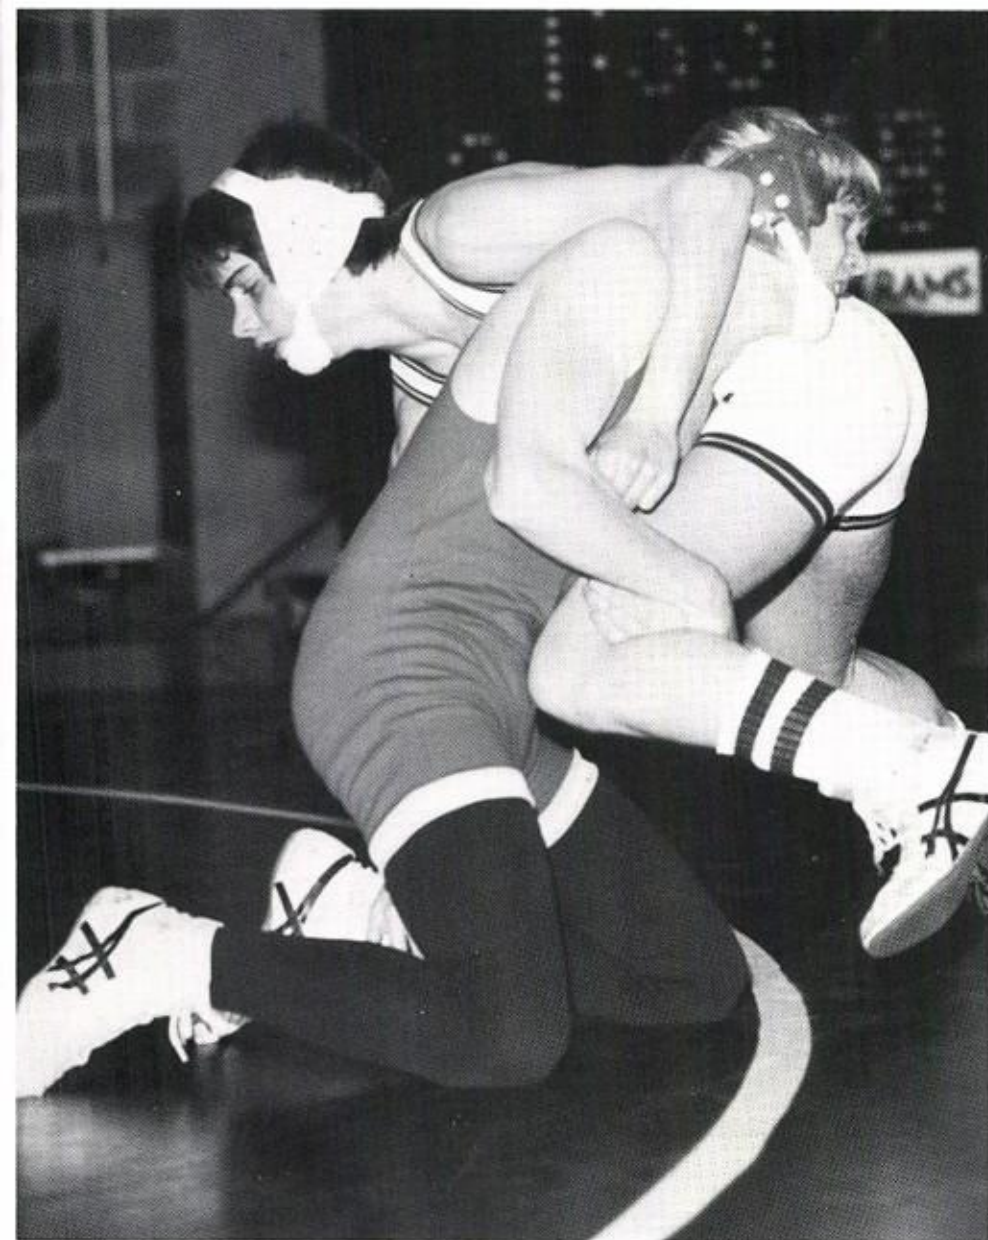

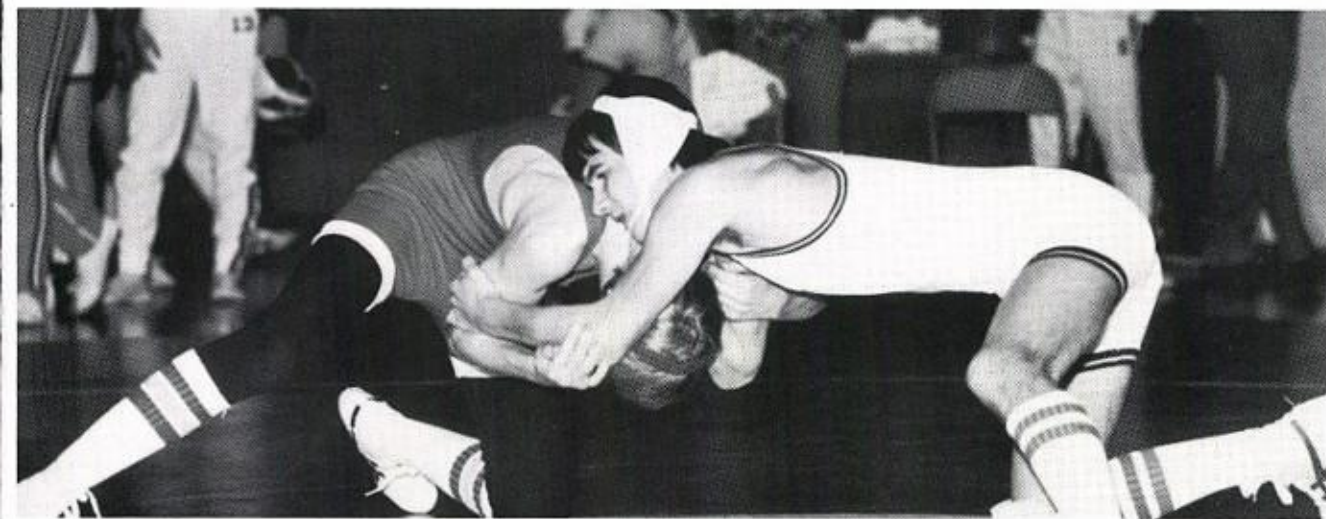

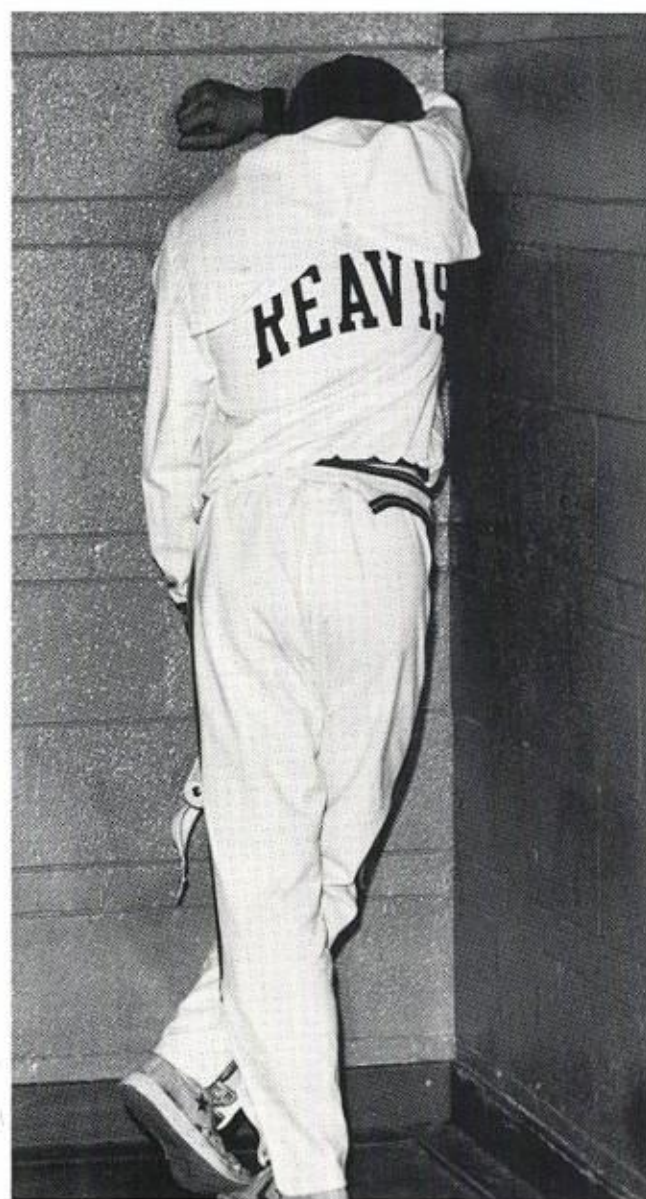

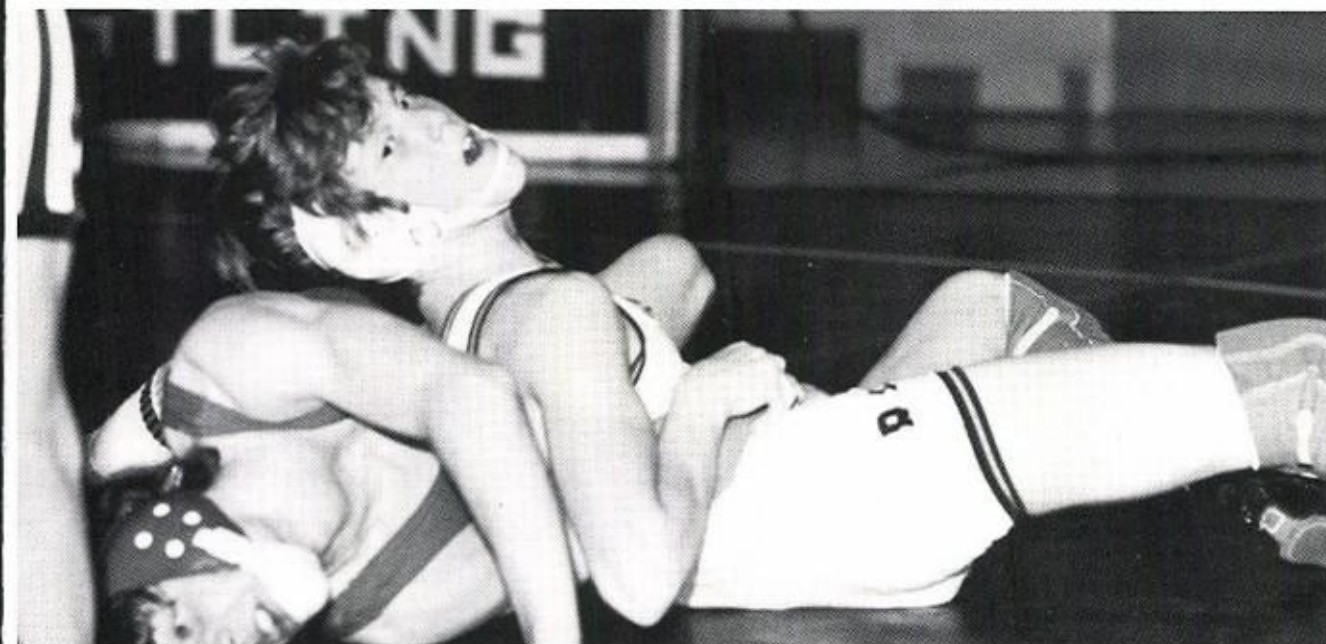

This year's wrestling coaches (Mr. Ihnat, Varsity; Mr. Tiberi, Sophomores; and Mr. Klinger, Freshmen), all think the wrestlers are doing well. Mr. Ihnat believes that if Reavis keeps on getting the rough fighting kids that aren't afraid to hurt, we'll keep doing well.

RAMS SHOOT TOWARDS FUTURE

The members of the Freshman-Sophomore basketball team are looking towards the future. With a record of 3 wins and 13 losses as of February 17, the shooting Rams are not discouraged. They continue to practice and work hard. The Freshman-Sophomore team is under the direction of Mr. Richard Hlavek.

Mr. Hlavek commented, "Unfortunately, this year our record isn't as good as I had expected, but members of this team have the potential to be outstanding Varsity Players."

With such potential Reavis High School can look forward to a great season next year.

FROSH/SOPH TEAM DOES WELL

The girls basketball season was coming to an end and the sophomore team was in first place with a 11-1 record.

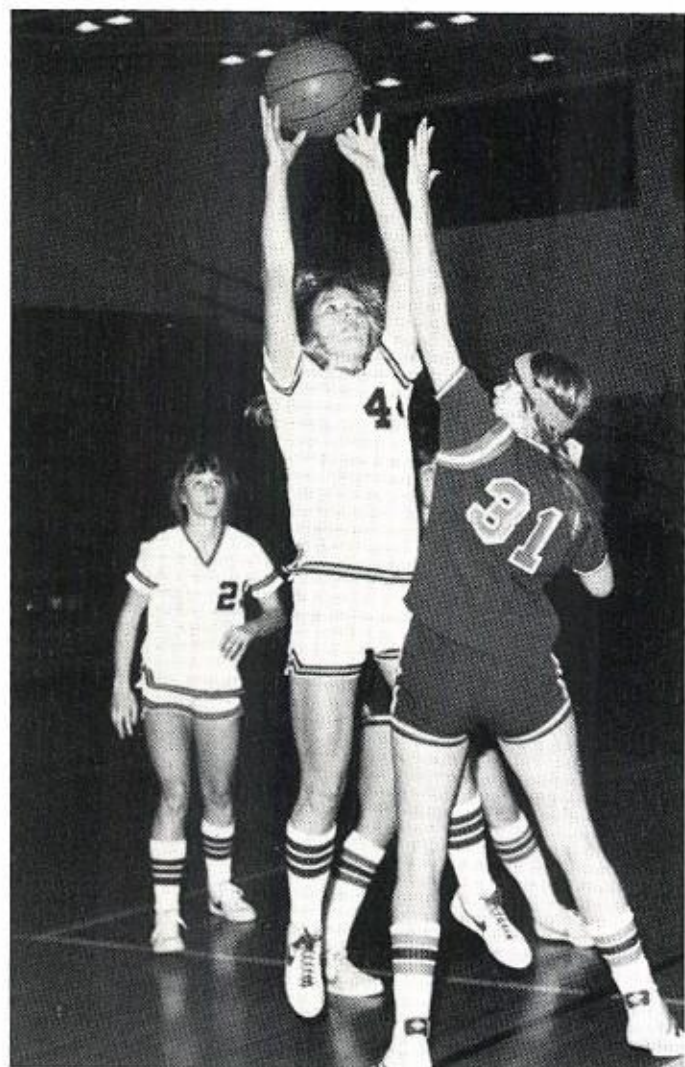

Mr. Bukovsky, the team coach, felt that his team was well rounded. "We were quick, could shoot well, and were good on defense," he said. He also commented that Colleen Magee, Kathy Quain, Vickie Kubiak, Barb Pavlik, Debbie South, and Jackie Bucz were very talented and played well during the season.

Bukovsky is confident that his team can finish what they started. "I think that we can win the conference championship," he said.

The freshman team, however, has not enjoyed such a successful season. Ms. Tessone, the team's coach, is satisfied with the season. "Although we have a 4-7 record, the girls have improved 100% this season and are doing much better," she said.

Rene Weitendorf is the leading scorer with a 14 point average per game. Kathy Grice has excellent shooting skills and Sharon Budler has the best ball handling skills. Tessone commented, "They work well together as a team and I can always depend on them to get the job done."

Both coaches are satisfied with their teams this year and feel that they can improve and do better next year.

RAM BASKETBALL BOUNCE TOWARDS VICTORY

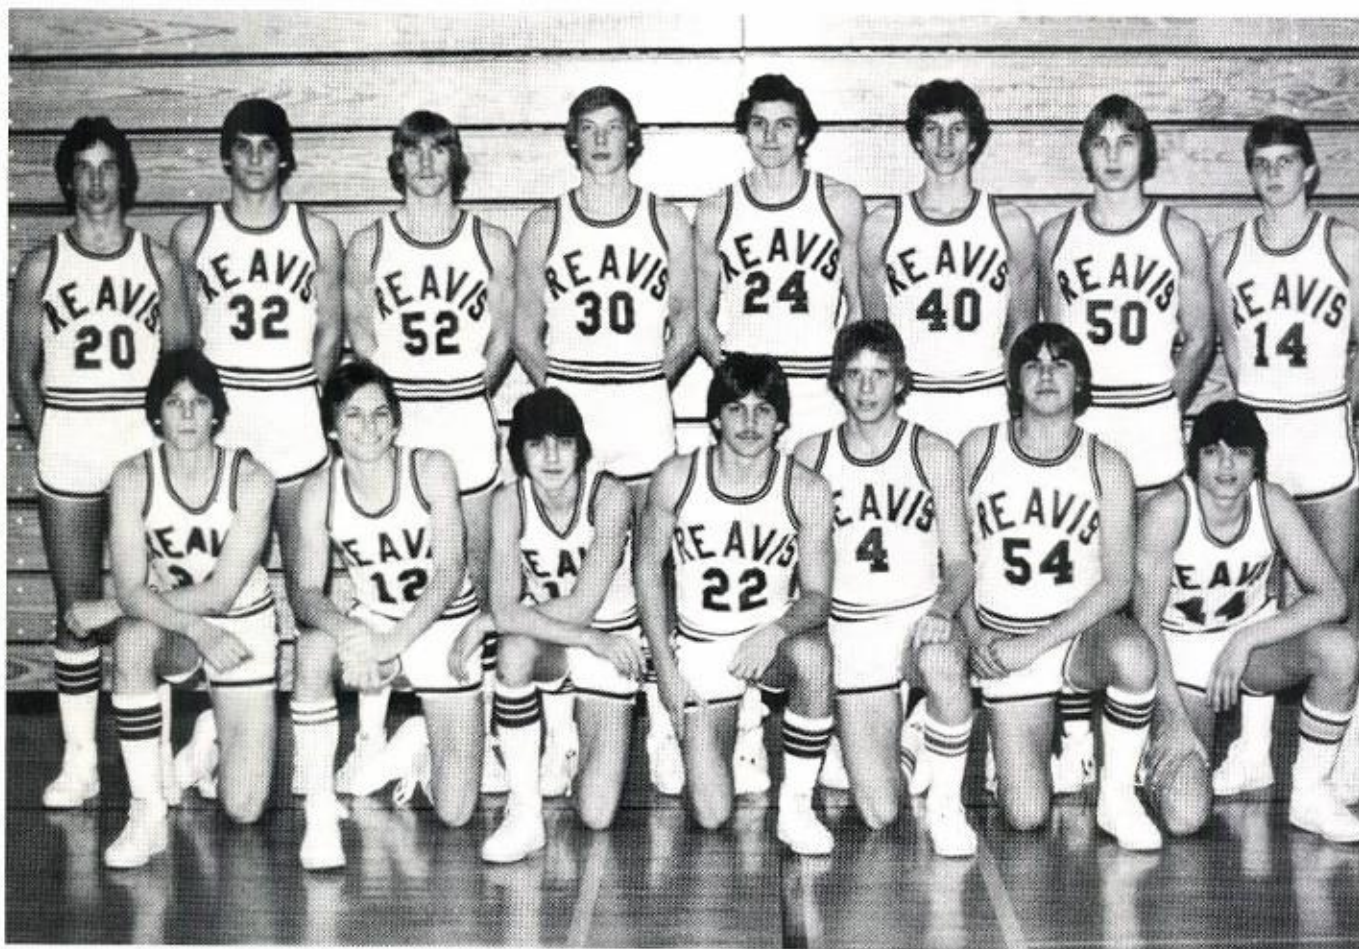

The 1982 Varsity basketball team experienced one of its most successful seasons in Reavis' history.

Tom O'Malley, the team's coach, felt that his team, who at one point in the season had won nine straight conference games and was tied with Shepard for first place in S.I.C.A. West, had to beat quite a bit of pressure to try to stay in first place.

The Rams, led by Cary Musser (who averaged 23 points per game) and Rich Canon, had a good start by taking first place in a Thanksgiving Tournament. The Rams then started conference play by losing three in a row and slipping to a 0-3 conference record. Coach O'Malley commented, "No one really took charge in the close games and it really hurt us."

The turning point for the Rams was in the Christmas Tournament in a game against Richards. The Rams played poorly, and still managed to stay close and almost win. "This proved to us that even when we play badly we can still be tough enough to win," O'Malley remarked.

O'Malley gives credit to the people that work hard, and believes the only way to win is to work hard and put lots of effort into winning.

RAMETTES SHOOT TOWARD CONFERENCE

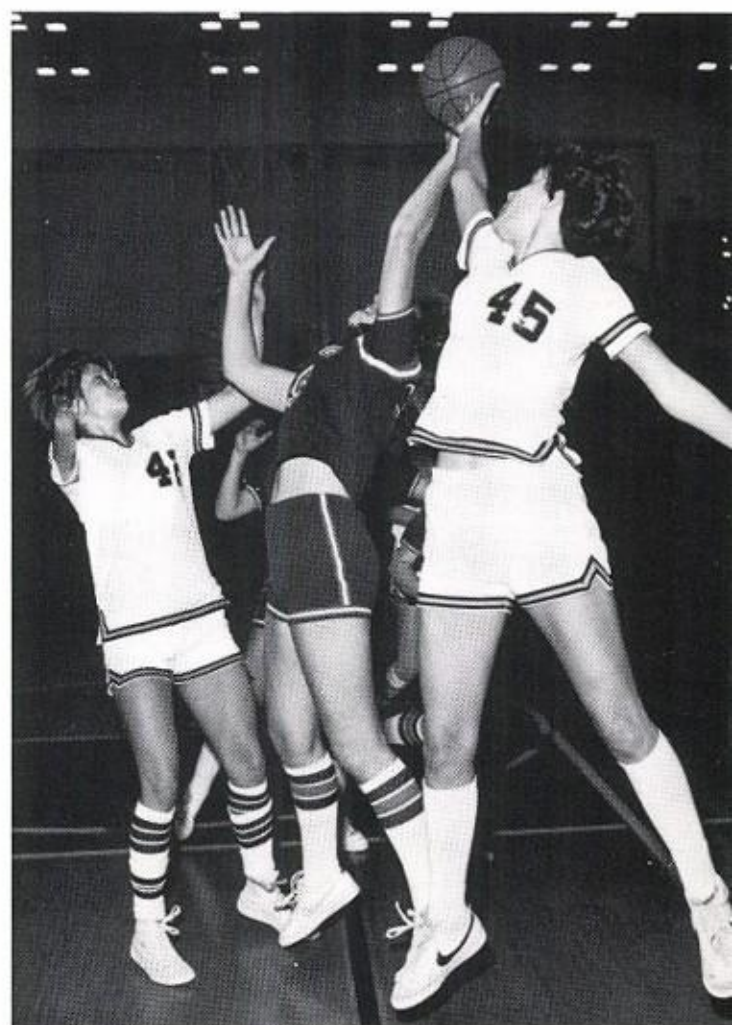

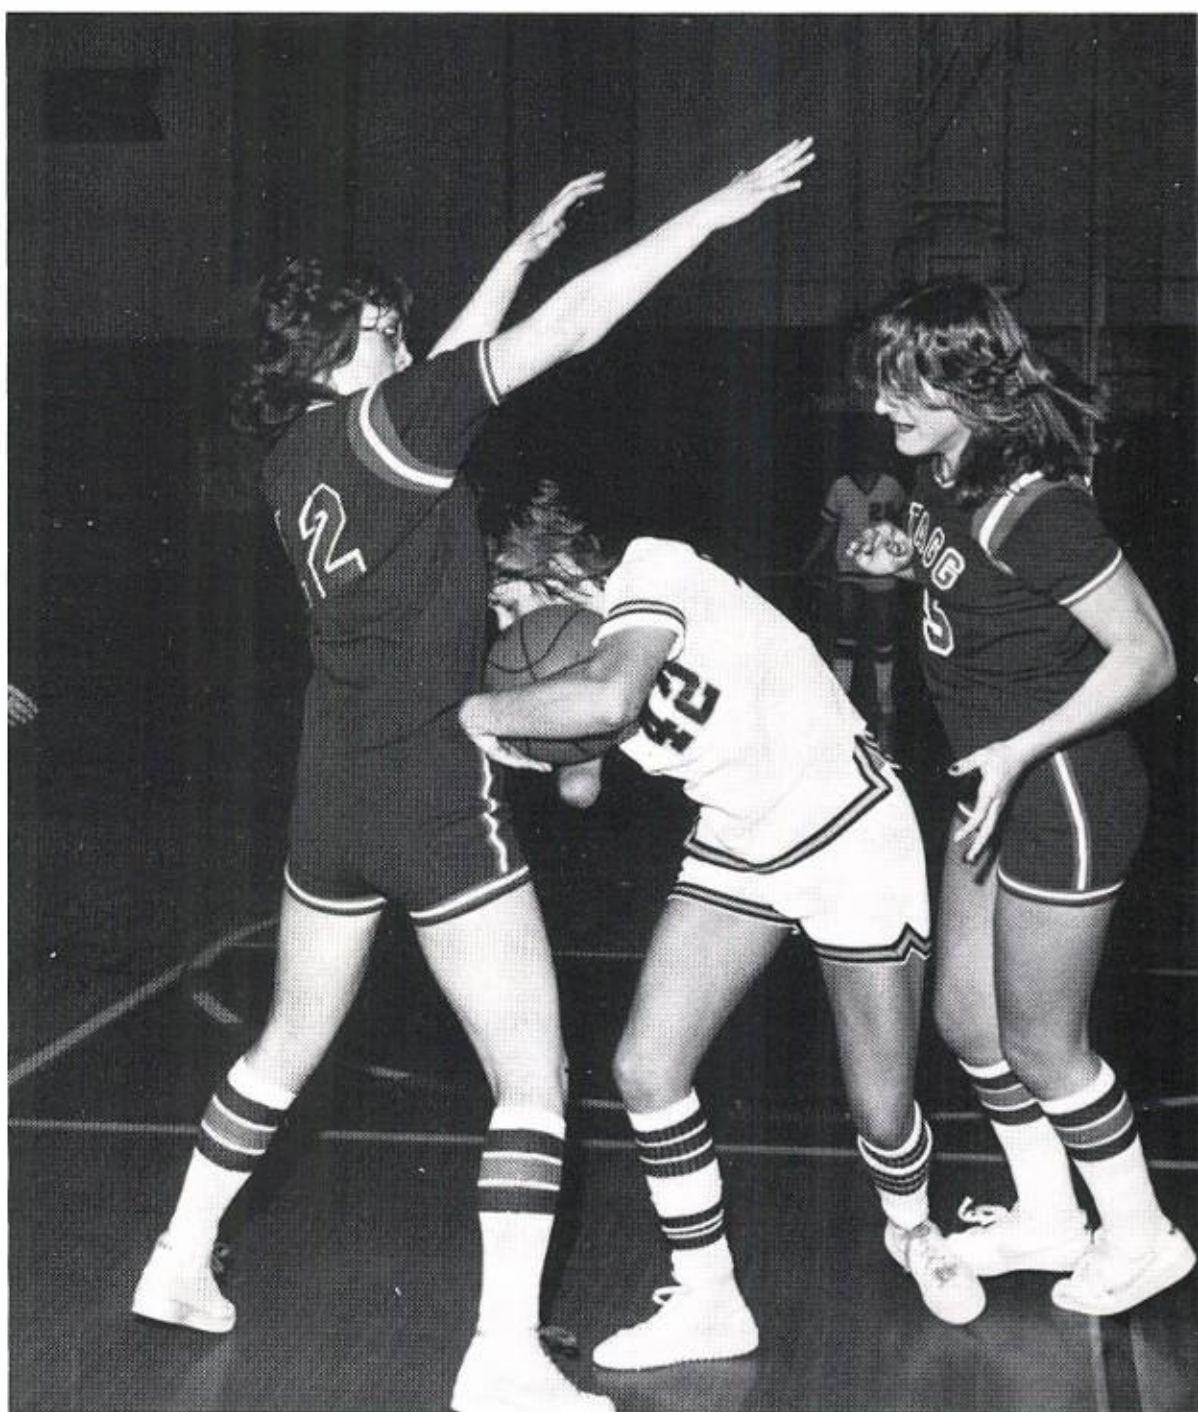

With only three games left in the season, the Varsity Ramettes basketball team placed 3rd in conference with a 7-4 record.

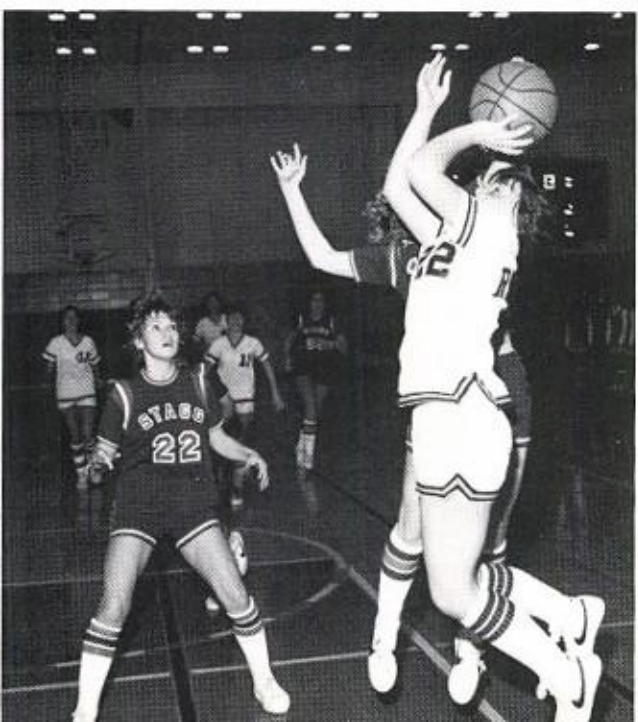

Janet Grice, the team's leading scorer, Diane Weiss, and Laura Mazalin have led the Ramettes to close victories over Richards and Stagg and a 12-8 overall record.

Last year's team finished their season with a 20-4 record (12-2 in conference) and a 2nd place finish in S.I.C.A. West. They won the regional tournament but were defeated by Maria in the sectional final. Gail Kubiak, the starting center, was named the team's "Most Valuable Player."

Coach O'Donnell feels that this year's team can also win a Regional Championship. He commented, "I think that we have an excellent chance in Regionals."

As his team moves on to the beginning of the playoffs, O'Donnell remarked, "I think that we've come around and that they'll continue to do well."

BOYS SWIMMING MAKES BIG SPLASH

Hours of practice are all part of the hard work and dedication that the members of the men's swimming team contribute during the season.

Highlights of the season include a record set by Ken Pych in the 100 Breaststroke and the team's second place at the Reavis Invitational.

The team's record for the season was 2 wins and 11 losses. According to Mr. Evertz, "Although they did not do well as a team, because of lack of interested people, the individuals did well."

The most valuable swimmer for the season was Ken Pych. Tim Werner was honored for the Most Contributions and Brian Lewis was named the Most Improved Swimmer.

SWIMMERS ENJOY A GREAT SEASON

The Varsity Girls swim team finished the season with a 12 win and 2 loss record and a second place finish in conference.

Coach Pam Paxton commented, "I was really thrilled because we had such a good record."

Records were set by some of the girls this season. Tami MacLean surpassed a record in diving during the conference meet. In addition to her records in the 100 and 500 freestyle events, Ann Gaborik, along with Debbie South, Beth Mackin, and Florie Fischer set a new record in the 400 yard freestyle relay.

Ann Gaborik was named the Most Valuable Player of the team, Tami MacLean was named Most Improved and Cheryl Sansone won the most contributions award.

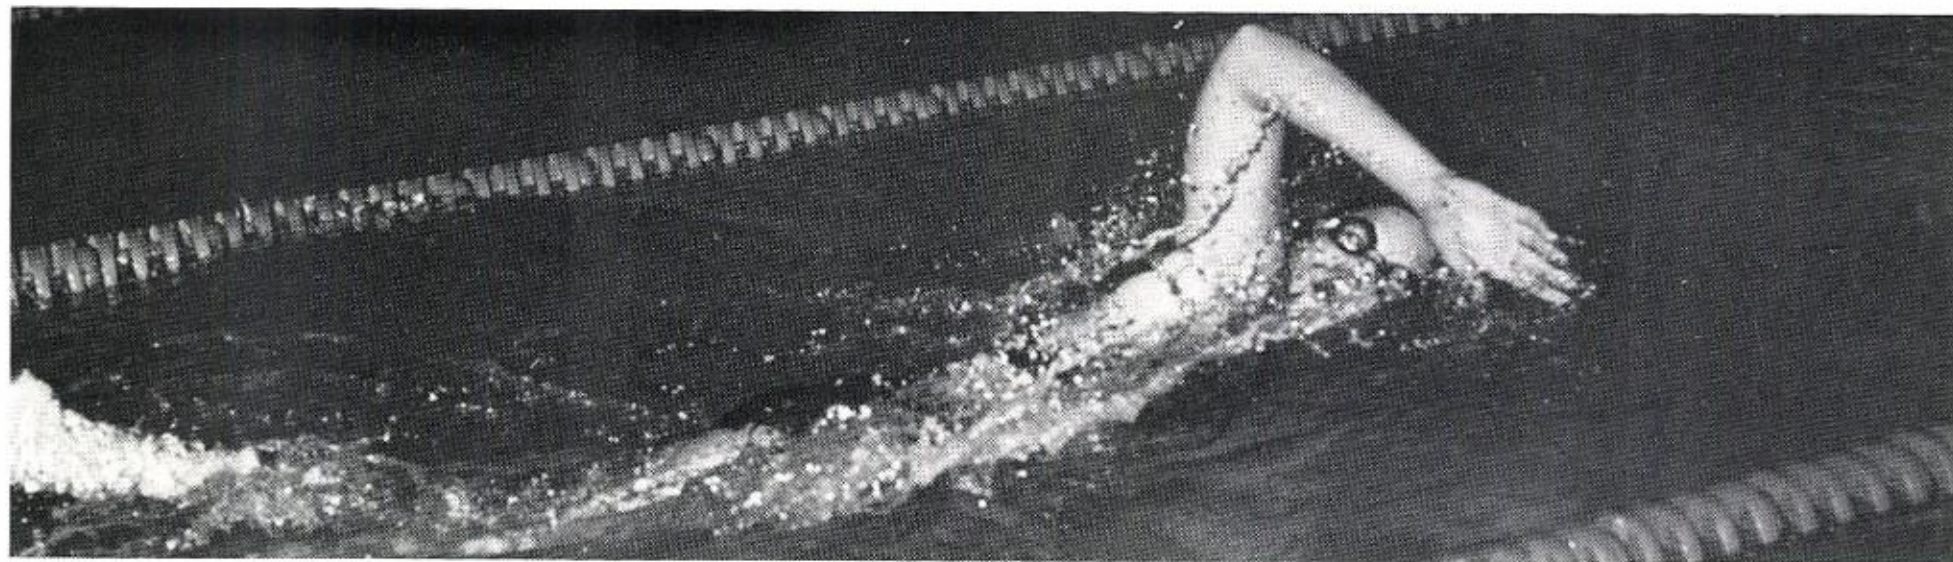

Often the team had double practices. The girls worked out at six in the morning before school in addition to practices after school. "We worked really hard conditioning ourselves this year," Paxton remarked.

She is confident that the team can do well next year because of incoming, talented freshmen. "I think that the team will be fantastic next year because as each year goes by, the girls get better," she said.

The sophomore team did not enjoy such a successful season though. They finished with a disappointing 3 win and 5 loss record.

Jenny Bruner was named the Most Valuable Player of the team and Lisa Warda received the Most Contributions award.

Miss Kamba named Jenny Bruner, Sandy Evans, Debbie Bertuca, and Amy Bruner as the girls who swam well all season long. "We worked really hard all season long and everyone improved as the season progressed." She added, "With hard work the girls should have no problem competing on the varsity team next year."

GYMNASTICS HAS A ROUGH SEASON

The 1981 men's gymnastic team had a fairly successful season. Their overall record was 4 wins and 3 losses.

One of the highlights of the season was Al Judge placing 3rd in state on the horizontal bar. The Most Improved award went to Joe Donnelly and the Most Valuable, Al Judge.

Mr. Smith said, "The team was pretty strong, but we do expect to do much better in 1982. We have a lot of returning lettermen including our two very talented all-arounders, Bill Garret and Darryl Filipiak."

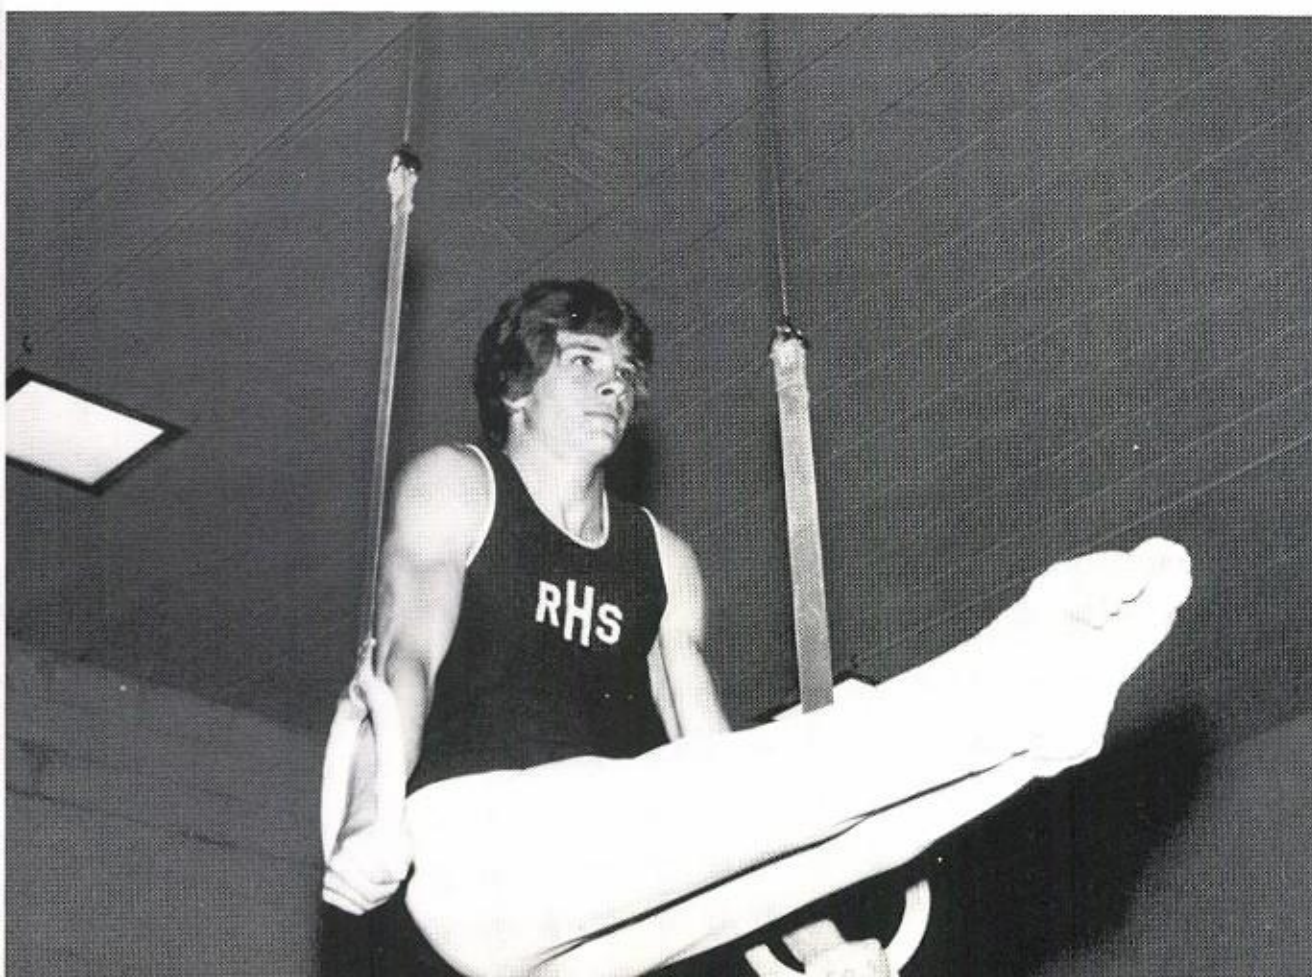

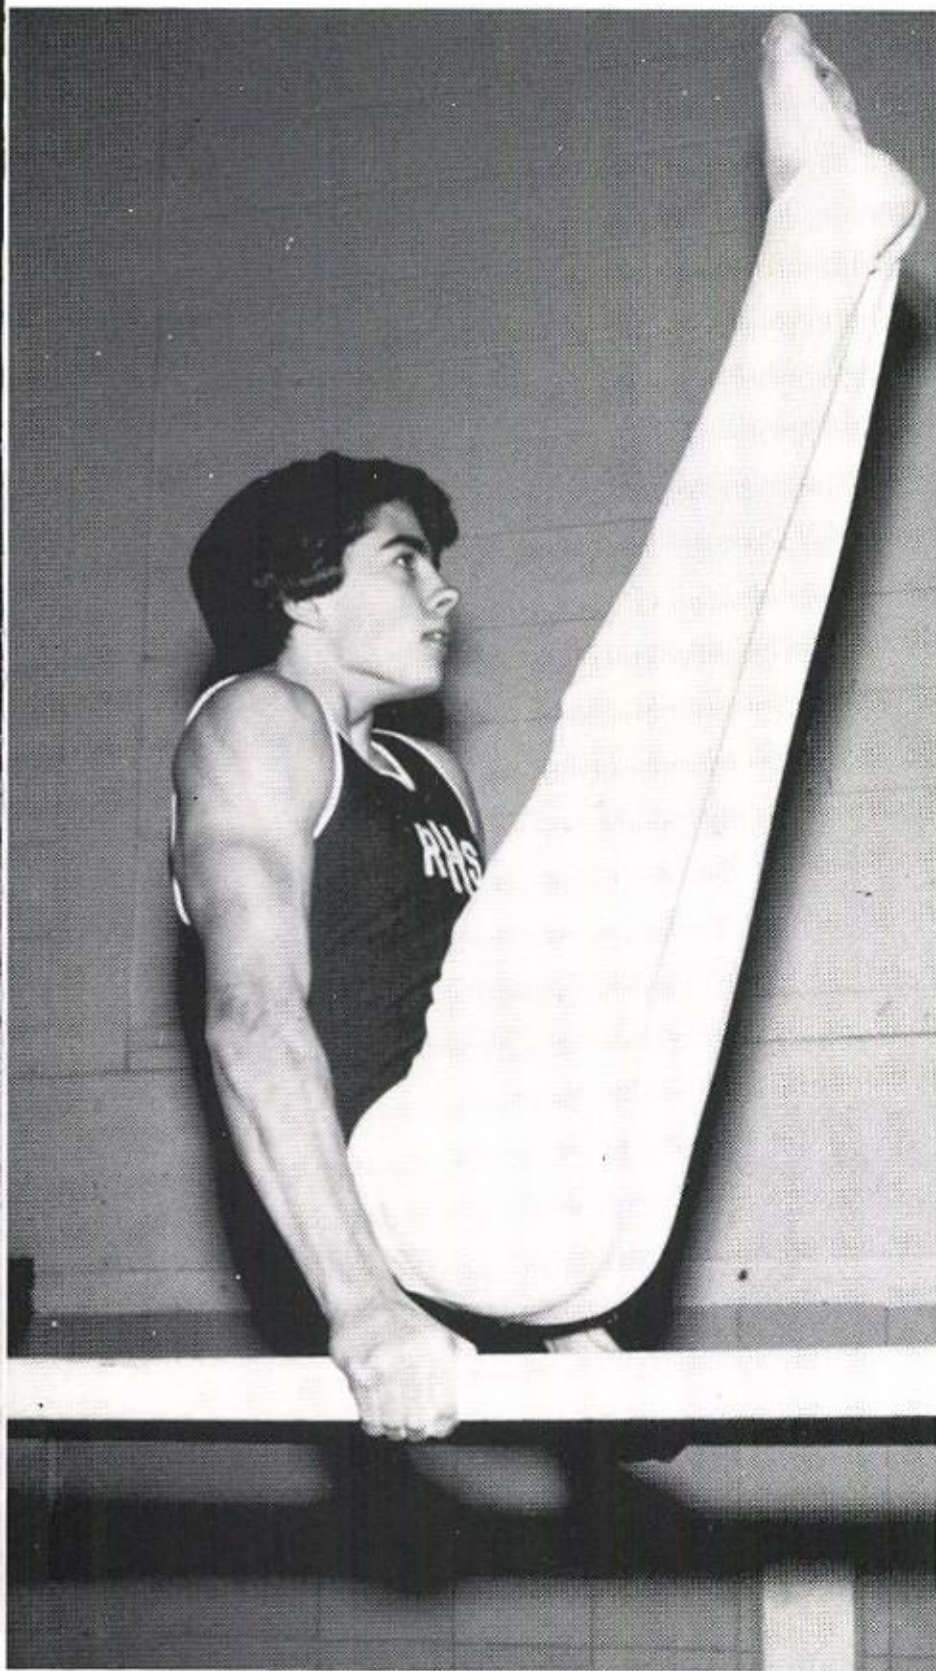

On the sophomore level, the record was 1 win and 7 losses. The Most Improved player was Darryl Filipiak.

GIRLS GYMNASTICS HAVE TOUGH SEASON

Gymnastics is a sport that requires many hours of practice in four different events; vault, uneven bars, floor exercises, and balance beam.

This year's girls gymnastics teams' strength rested in the uneven bars. Michele Roza, Sherri Brown, and Lisa Julius were the best competitors in uneven bars. In addition, Cheryl Sansone and Kathy Potts worked well in their respective events. Coach Del Smith commented, "Cheryl and Michele are the two seniors and the team will lose a lot when we lose them."

Smith was disappointed that his team did not win a meet, but he is optimistic about this team's prospects next year. "I'm disappointed with our record, but we have to look into the future. We're young and we can turn the team around next year," he said.

SOFTBALL STRIKES BACK

The 1981 Varsity, sophomore and freshman softball teams enjoyed successful seasons with overall records of 18-12-1, 18-4 and 11-4 respectively.

The Varsity team swept double headers against Oak Lawn and Stagg to give themselves a 10-4 conference record and a third place finish in S.I.C.A. West.

Linda Melody was named the "Most Valuable Player" of the team while Gail Kubiak recieved the "Most Contributions" award and Libby Schultz was named "Most Improved."

In addition, team captains Linda Melody and Laura Cummings, and their teammates Dawn Meadows, Gail Kubiak and Diana Koch received All Conference distinctions.

Although the team did not reach his goal of 20 victories, Head Coach, Greg Paul, felt that his team played well.

The sophomore team won the sophomore conference championship with a 12-2 conference record. Mary Beth Nolan was the "Most Valuable Player" for the team and Kathy Melody received the "Most Improved" award. Paula Marr, the team captain, won the "Most Contributions" award.

Sophomore coach Alan Garfield commented that the reason the team finished well in conference was because the team consisted of a number of talented individuals. He named Paula Marr, Janet Grice, Lisa Litterio, Kathy Melody, Mary Beth Nolan, Valerie King, and Sue Latasiewicz as players who performed well all season long and helped the team to its successful finish.

The freshman girls completed their season a bit unusually. After dropping the first game of a double header to Lincoln-Way they were forced to forfeit their last game because three of the players were injured.

Their coach, Ken Nieminski, said that his team had good pitching and fielding. He named Kathy Quain, Colleen McGee, Lois Boldrini and Vickie Kubiak as the key players of the team. "They played well all season long," Nieminski commented.

The freshmen had a 5-3 record against S.I.C.A. West teams and at one point in the season had outscored their opponents 96-18 in three games.

SUCCESS ATTAINED ON ALL THREE LEVELS

The 1981 football season brought a lot of excitement on all three levels of play.

The varsity proved to many people that they were a team that wouldn't be intimidated by bigger teams.

Some of the highlights included the Oak Lawn and Lincoln Way games which put the Rams into the playoff games and, of course, the playoff games themselves.

The Rams went into the playoffs as underdogs, but emerged victorious for the second year in a row. In the State Championship game, the Rams played Brother Rice at Northwestern and were defeated 14-0. For the second straight year the game was lost by offensive turnovers with the defense shutting out their opponent.

Most valuable was Jay Gonciarzyk. Most Improved was Kevin O'Grady, and Most Contributions was John Gray. Seven players received All Conference honors. On offense were John Gray; QB, Jay Gonciarzyk; TB, Rich Fahy; Guard, and Wally Lewandowski; Center. On defense were Kevin O'Grady; HB, Bob Minini; LB, and Gus Karmeris; DL.

The sophomore football season was a big change compared to their freshman season. They had a 2-7 record freshman year and finished this year with a 6-3 record. The most improved was Bill Farr; most contributions, Jerry Bovard and Mike Pietras; most valuable was Jim Schultz.

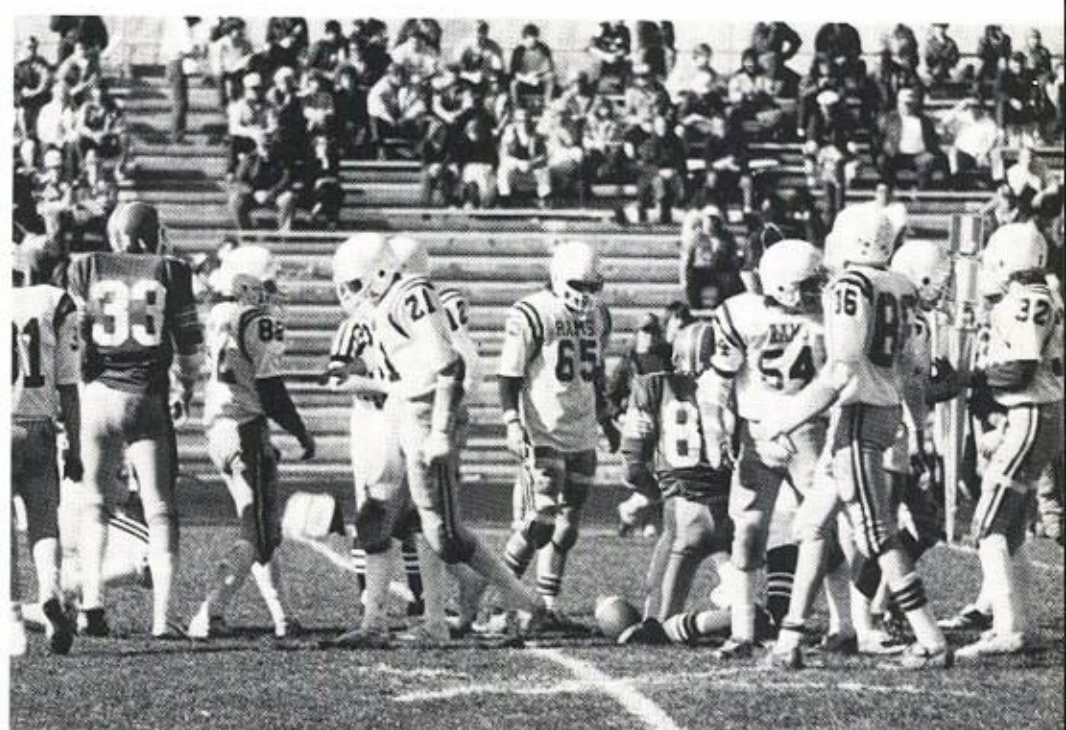

The freshman season ended in an over 500 record of 5-4. The highlights of the freshman season was a victory over Oak Lawn 46-6. Most valuable was Steve Rozak and Al Lindish; most improved was Gary Zdziarski, and most contributions were Brian Bombeck and Ron Evans.

CROSS COUNTRY RACES ACROSS THE FINISH LINE

The Reavis Cross Country teams had a good year with many people placing in conference. The girls team qualified for sectionals in November and Gene Krupinski qualified in the boys division. Unlike last year no runners qualified for state championship competition.

The girls team finished sixth in conference, while the boys sophomore team finished eighth, and boys varsity team finished fourth. The boys varsity team had an impressive 7-4 record, while the sophomores finished with a 3-8 record. The girls and boys team placed fourth and sixth respectively.

Andi Collins and Gene Krupinski were named "Most Improved," and Mary Smart and John Kinney were named "Most Improved." Andi Collins and Gene Krupinski had excellent records this year. They finished first in nearly every race and gave the cross-country teams a year worth remembering.

Coach Bill Smith commented, "We should have a good and enthusiastic team next year."

GOLF SWINGS TO VICTORY

The Varsity Golf Team managed to swing into the sectionals by tying for third in districts.

Although finishing a disappointing fifth in conference, Mr. Paul Eilers is very proud of the way his squad performed, ending up with a 6-5-1 record for the season. "We had one of our better teams here at Reavis this year," said Mr. Eilers. "We lost some close ones, but we really had a fun season."

Highlights of the season were Bob Bruner, (the team's most valuable player), shooting a 76, taking first in districts, and teammate Bill Peldzus shooting a 78 while placing second.

Only one varsity member, Mike Kasper, returns next year, but sophomores John Czarnecki and Bob Heinzl should help them to a positive season.

TENNIS ENJOYS A SMASHING SEASON

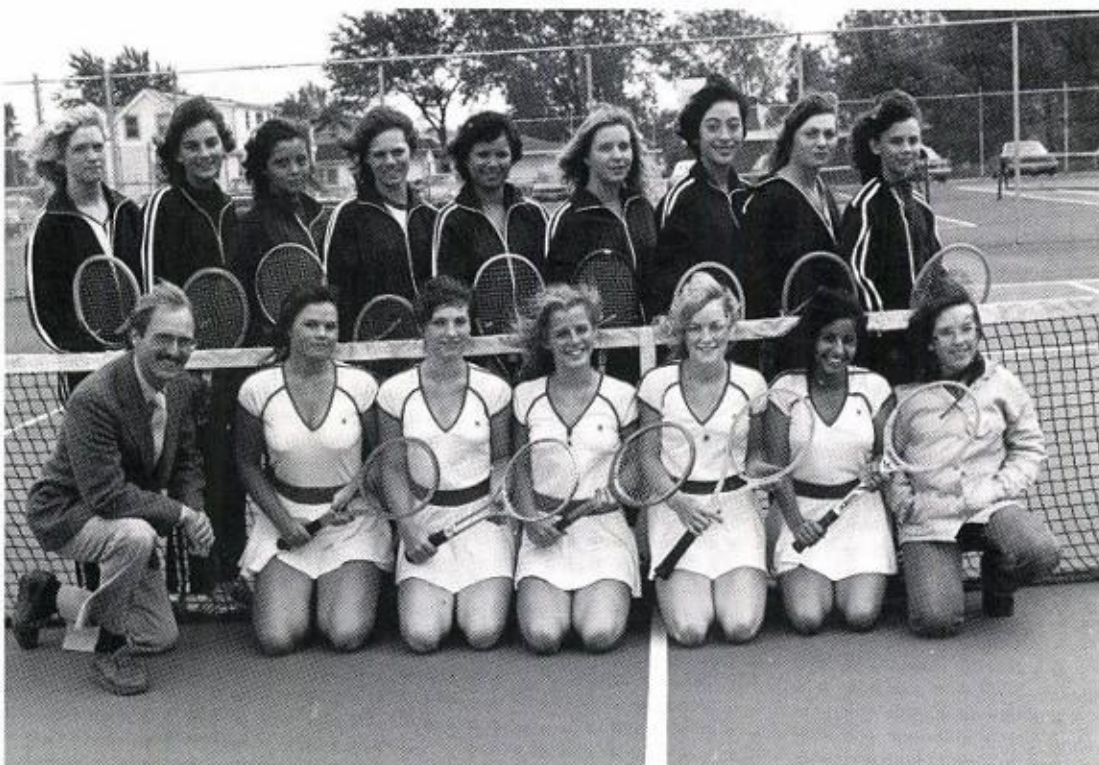

The 1981 Varsity Girls Tennis team finished with a 14 win and 2 loss record, which is one of the best in Reavis history.

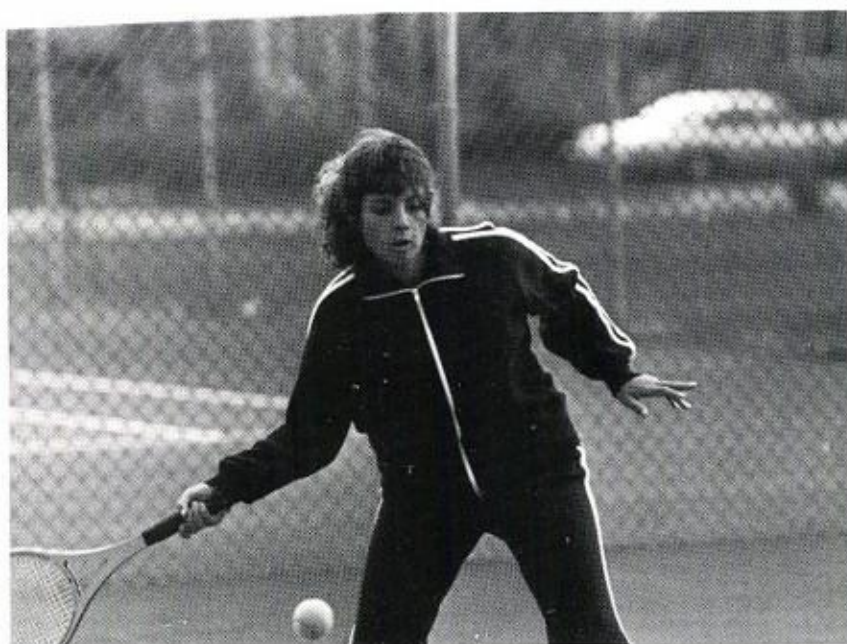

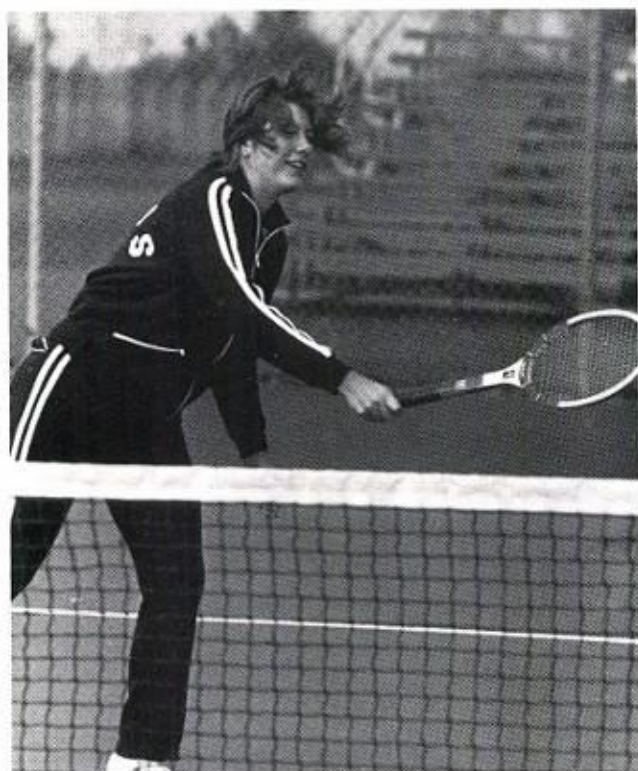

The doubles team consisting of Debbie Ecklund and Linda Kubiak enjoyed a very successful season. They finished first at the Reavis Invitational, and competed in the State Tournament in Arlington Heights, but were defeated by Centralia 6-2, 6-1.

Another doubles team consisting of Sue Baker and Kathy Melody finished second in conference and were winners in districts.

The sophomore team coached by Alan Garfield had a final record of 4 wins and 11 losses. Garfield explained that many of the girls had never competed in tennis before this season. He added that the team will offer many talented girls for next year's Varsity team. Two of them are Jill Grossman and Lisa Piotrowski.

Smith expects the doubles teams to be very strong next year and that Ecklund and Kubiak will repeat their trip down state.

TRACK TEAM RUNS AHEAD

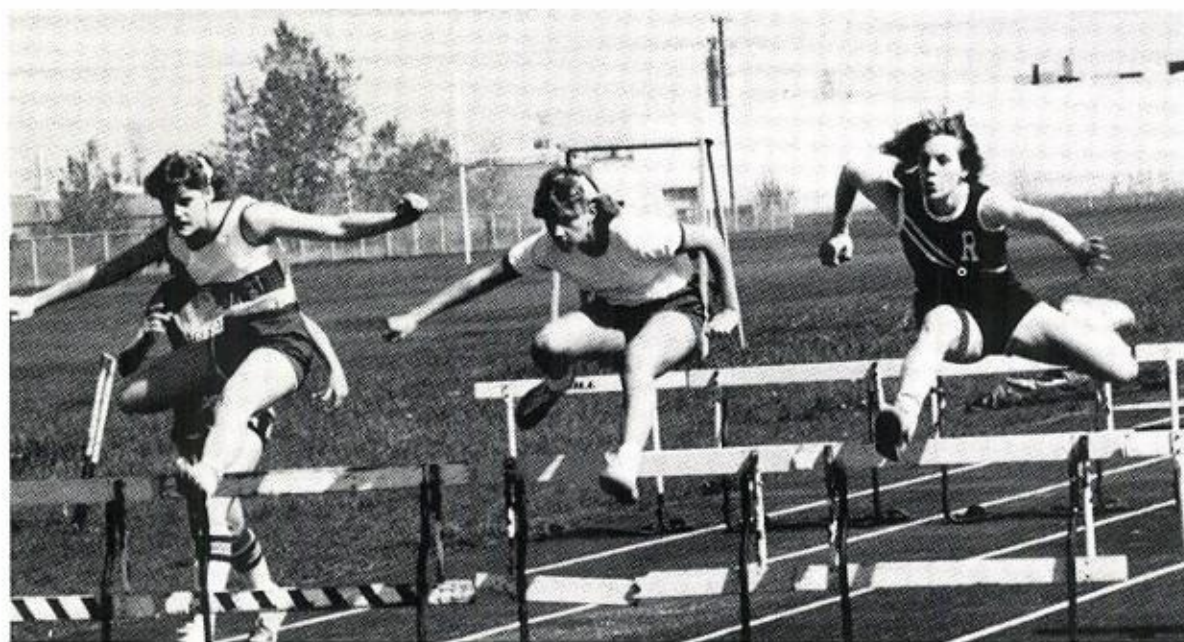

Although the Varsity team finished without winning a meet, the sophomore Girls Track team ended their season with a winning 5-3 over-all record.

Instead of moving up talented freshmen and sophomores to the Varsity team, coaches Karen Nelson and Donna Buckley decided to leave them on the sophomore team. "We left them on their own level and we ended up with a good sophomore team," said Buckley. "On the varsity level we didn't have many people so the girls worked on their personal goals," she added.

On the sophomore level Jacki Edmonds set a conference record in the 220 hurdles and Mary Eisel, Linda Kroll, Cindy Lakickas, and Joan Sautkus broke the mile relay record.

Sue Sukel received the Most Valuable Player award for the varsity team and Jacki Edmonds was the MVP on the sophomore level. Jenny Schultz and Joan Sautkus earned the Most Contributions award and Karen Pekan and Silvia Mahmoud received the Most Improved award.

"We should have a good team next year because the girls should do well when they're moved up to the Varsity team," remarked Buckley.

BADMINTON DOES WELL IN CONFERENCE

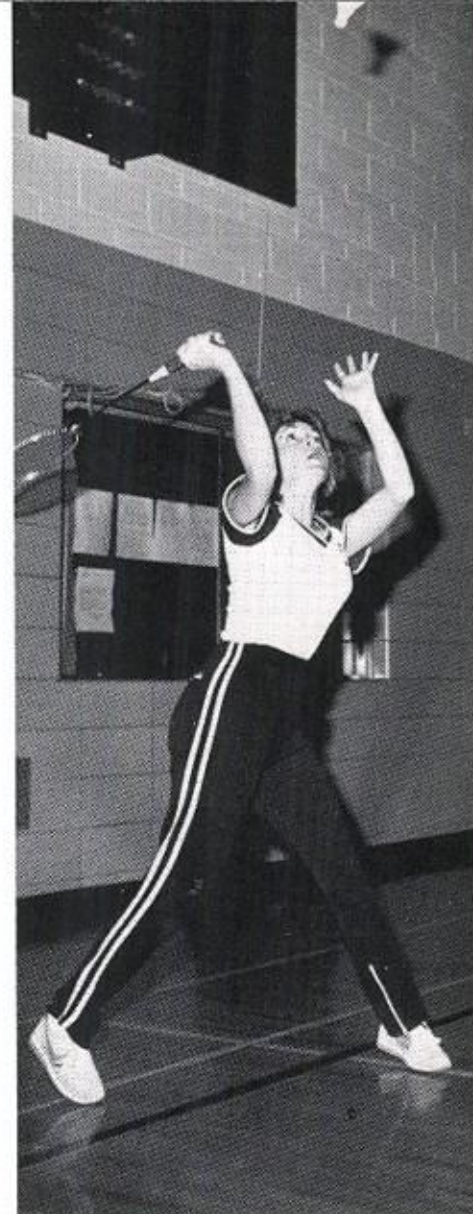

The girls' badminton teams had successful seasons with a number of competitors finishing well in the conference meet.

Diane Hettwer, Sue Jankowski, Sharon Soprych, and Kim Shonrock placed well in doubles. The team had an overall record of 8-10 (2-8 in conference). Ms. Niedrich, the team coach, remarked, "They did really well against non-conference teams, but they had trouble with conference teams."

The sophomore team had a 12-6 overall record and a 5-5 record in conference.

Cindy Trojaniak and Jean Giaretta were sophomore conference champs in 1st doubles; Linda Kubiak was champ in 1st singles, and Darlene Fitzgerald was 2nd in 2nd singles.

Most valuable awards were earned by Kathy Merkle and Linda Kubiak. Kim Shonrock and Laura Zielinski earned most improved honors and Sue Jankowski and Jean Giaretta earned most contributions awards.

REAVIS BOWLERS

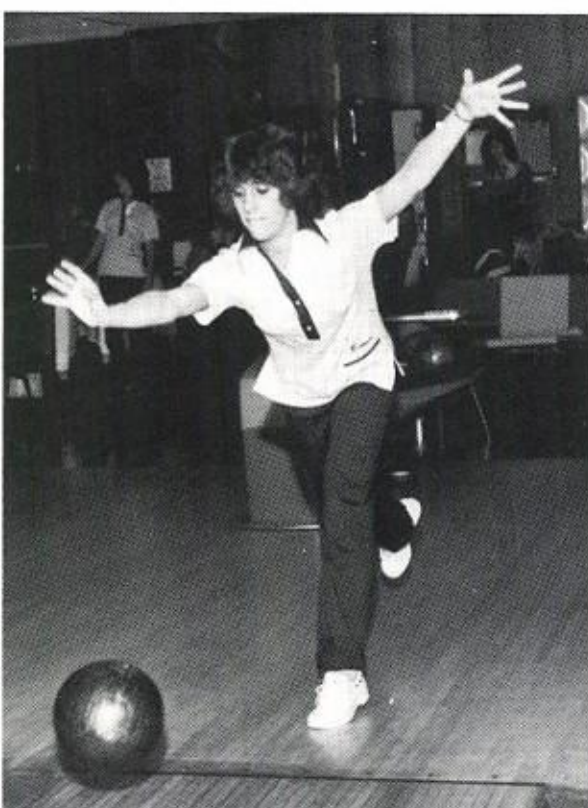

"STRIKE" AGAIN

No doubt about it, Reavis' bowling team has had an exceptionally good season, and they're all very proud of it. The Varsity record this season was 13-3, and the sophomore was 11-5.

Mr. Bylur, the coach, was very pleased with the team and individual members like Jill Tesar with a 166 average, Kathy Nantz — 165, and Dawn Zelenski — 165. The highest game this season was bowled by Jill Tesar at 221. The highest series was bowled by Kathy Nantz at 394 in a two game series.

The team bowled at Elmar bowling alley and they faced many high scoring opponents. Dawn Zelenski went downstate to take 4th out of 48 high games. Her average was 183 and she bowled 212-203.

Mr. Bylur said, "This is the best team Reavis has ever had. I'm only losing two seniors and the underclassmen are very good, so I expect next year to have another super good season."

SLUGGIN' RAMS HAVE GOOD SEASON

The 1981 Sluggin' Rams set several baseball records this past season. Their overall 29 wins were the most wins in Reavis history. The Rams captured their eighth conference title in the past 12 years with a 12 win-2 loss record. In winning the St. Laurence Regional Title, the Rams shutout Argo 7-0, outlasted St. Laurence 14-13 and rolled over St. Rita 7-3.

While Bloom fell victim to the Sluggin Rams, 2 to 1, in the first round of the Reavis Sectional, Brother Rice spoiled the Rams' downstate bid and Sectional Crown with a 4 to 2 win in the final game. This was also the highest finish by any Ram baseball team. Jim Jarmusz's 14 wins and 4 one-hitters were also Reavis records for a single season. Jim was also a member of the IHSAA East Squad All-Star team that defeated the West Squad in a Peoria doubleheader. Jim also authored 5 shut-outs, another season record.

SICA all conference players from the Ram '81 team included Sr. Kelly Quain SS, Sr. Bob Zdziarski OF, Soph. Joe Karmeris OF, Jr. Al Moskiewicz OF, Sr. Rickey Fleck P., and Sr. Jim Jarmusz. Seniors Kelly Quain, Dave Sinclair, Rick Fleck, Jim Jarmusz, and Bob Zdziarski were also members of the SICA West All-Star team that defeated the East 3 to 2.

The Sophomore Rams of 1981 had to share their conference championship with Sandburg. Reavis, with freshman John Sabatino pitching, had to beat Sandburg in their final game, and they did it. Gene Krupinski, Bob Rispoli, and Ken Sroka led the way for the Sops.

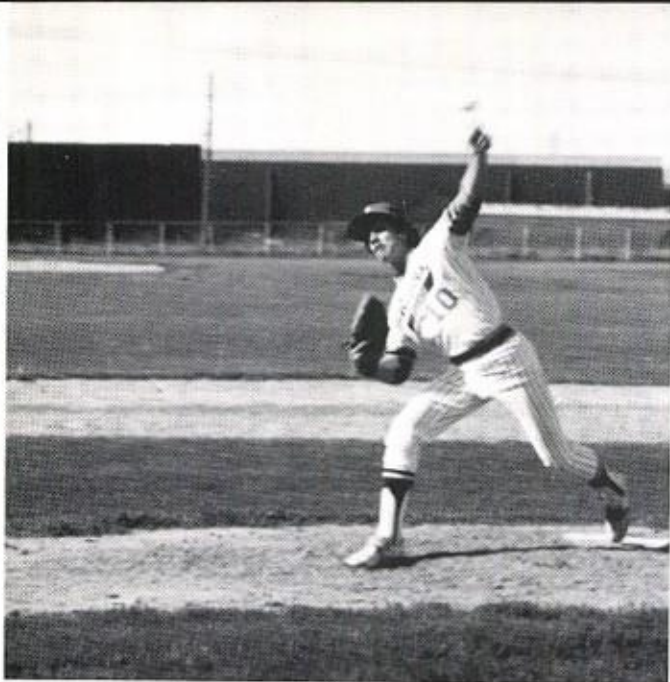

The Freshman A team didn't have too great a season. Their conference record was 2 wins and 12 losses. Their season was 4 wins and 19 losses. The B team had nearly the same record winning 2 and losing 12 in conference. Their season record was 3 wins and 17 losses.

Boys Tennis has Fair Season

"Tennis is a unique sport that not only must have individual players, but team members as well," commented Mr. Ken Bill, the men's tennis coach.

The tennis team practices everyday, six days a week, for about three to four hours a day. If weather permits, they practice longer.

A practice usually consists of opening exercises such as stretching and running. Next, they do drills on their tennis skills and finally have games against each of the team members.

The team had a fair season finishing with 8 wins and 8 losses last year. The highlights of the 1981 season included Gary Barkauski placing 2nd in the 1st singles at a conference tournament and the team tying for 5th place in conference with Shepard High School.

The most valuable player was Gary Barkauski; the most improved were Rob Mackowskiak and Walter Rafacz and the person who contributed the most was Dave Urban.

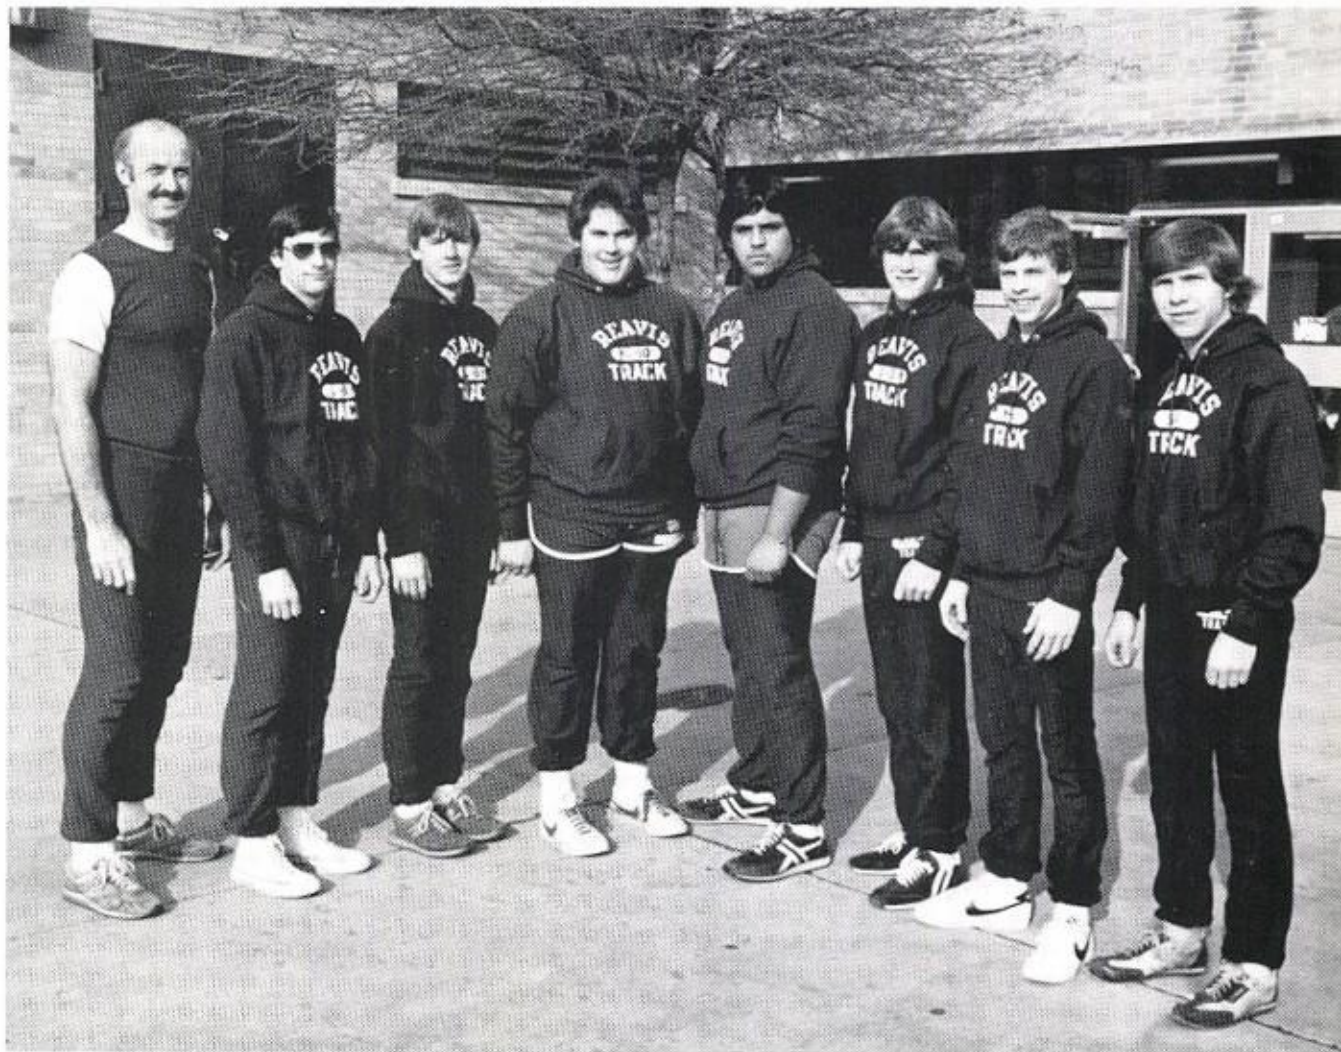

"The outlook for next year's season looks fairly respectable with Paul Barkauski, a freshman, playing on the varsity level," said Mr. Bill.

Men's Track Looks Forward to '82 Season

Many hours of practice from March through May are a qualification for the Men's Track Team, but the experience and fun are well worth it. There are eighteen different events in which the members participate. They include the high jump, hurdles, discus, shot put, long distance, relays and many other events.

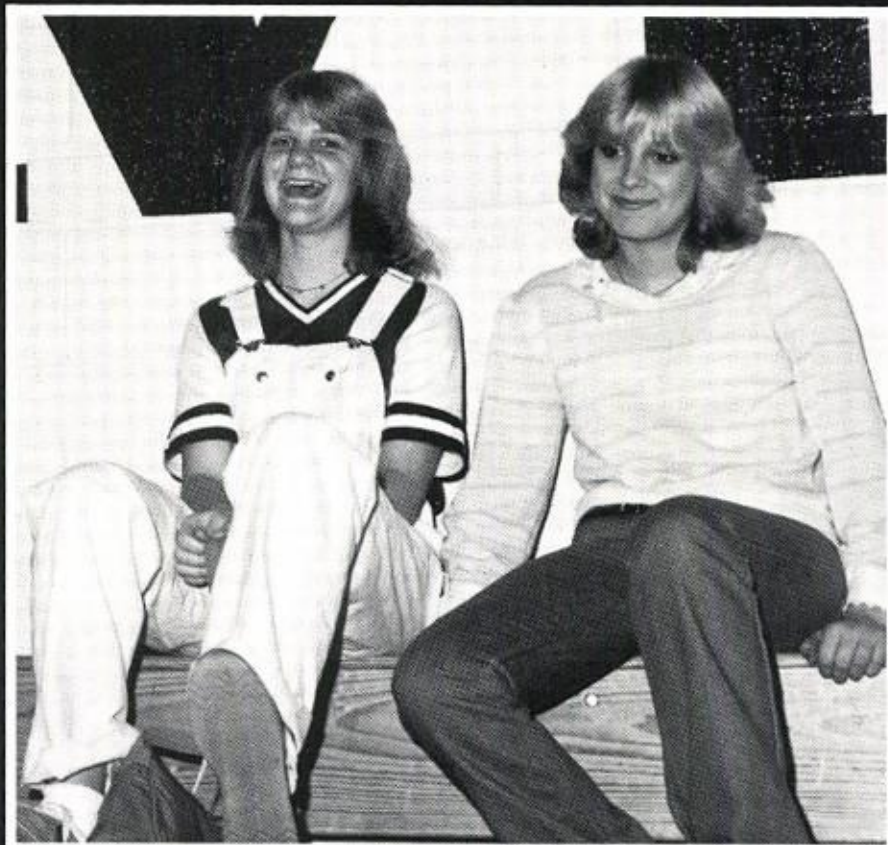

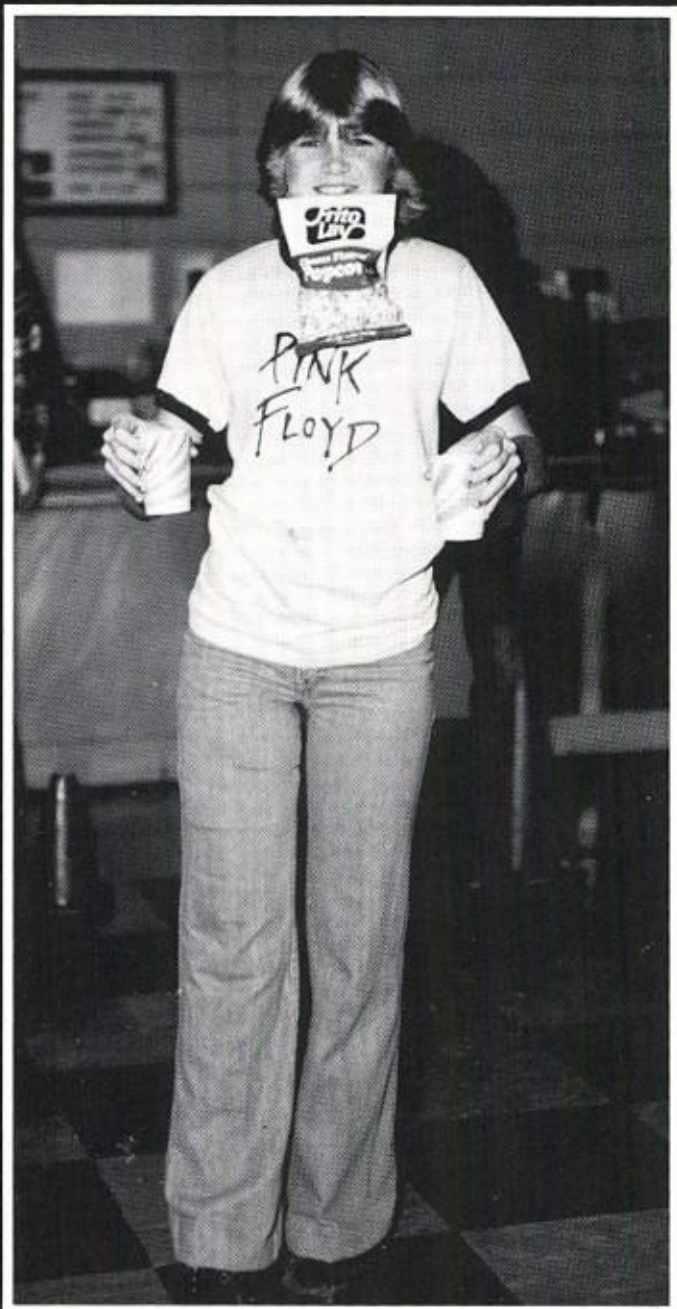

The 1981 varsity track team had an upsetting season with a 0-11 record while the sophomore team had a 1-11 record. Most valuable, most improved and most contribution awards went to a very talented Greg Vaughn.

The team is looking forward to next year's season and they hope more students will tryout for the team. Coach Murphy said, "If more students would join we might have a better team."

Sandy Jankowski
Editor-in-Chief

Accumulating memories through pictures and words is the main goal of a yearbook staff.

With the help of an excellent staff and two very special staff members, MaryBeth Nolan and Linda Easterhouse, we have completed our book so that in time people may look back and remember those special moments and people of Reavis.

The putting together of this book is definitely not an easy job. The hard work and dedication of those people who contributed their time and effort are shown through the completion of every single page.

I want to thank a very important person, Ms. Claire Curtin, for the many long hours of hard work she has put forth in helping my staff and me produce a book of which we are very proud.

I want to personally thank each and every person who helped in making this book a success.

Thank you,
Sandy Jankowski
